Interests & Experiences

Statement of Interest/Why You Should Be Appointed

I care a great deal about our city, and would be honored to serve a third term on the body responsible for evolving our community Master Plan and advising City Council on planning and development issues. As a resident of Alexandria since 1981 I've been fortunate to make a home, practice my profession, and operate a small business in this city. As an architect I'm conversant with planning and design from the perspective of garnering neighborhood support and navigating the regulatory process when creating a home for a family or a business. As a member of public boards I've become experienced at assessing the complex interplay between powerful claims of private property and compelling interests of the community. In my view, Alexandria has a well established record of successful public planning. The integration of extensive citizen participation with capable professional analysis, while recognizing marketplace reality, is regularly realized. Nonetheless, serious issues of the day can seem (or are) intractable. Competing visions are often not reconcilable and passions run high. I value the quality of our public discourse, and relish the dependably wide spectrum of concerns and ideas contributed to the consideration of every issue. Understanding the range and interaction of all these viewpoints is both a demanding task and an essential element of good decision making. Deciphering fundamentals of overall policy, studying details of individual cases, and working productively with staff are intriguing and satisfying aspects of the work. I appreciate the discipline necessary to fulfill my responsibility to cast an informed vote. This point of view underpins my ongoing effort to offer competent and thoughtful service on the Planning Commission.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

Having served on Planning Commission for a number of years until 2019, I would rejoin it as an experienced member who is familiar with land use issues and the processes by which they are decided. I had good relationships with fellow commissioners and the planning staff and would like to work with them again. I enjoy seeing the results of decisions made when I was a commissioner and would welcome the chance to once again help shape the City.
