

February 16, 2023 Recommendations for Approval of SLEP Agenda Item

“I move that, as part of ACPS’s comprehensive safety plan, the division incorporates recommendations 1 through 8 from the SLEP Advisory Group into the discussions with the City pertaining to the ACPS-APD MOU. These discussions should be responsive to the staff notes presented on February 2nd, 2023.”

“I move that, due to budget constraints and the ongoing desire to prioritize student learning, ACPS defer action on recommendations 9 and 10 from the SLEP Advisory Group to future budget discussions. The Board directs the Superintendent to determine if the recommendations can be met using existing resources in a manner consistent with the staff notes presented on February 2nd, 2023.”

“I move that, as part of ACPS’s comprehensive efforts to ensure transparency in reporting, the division incorporates recommendations 11, 12, 13, 16, and 17 into the ongoing review of reporting and communications. Any resulting revisions should be responsive to the staff notes presented on February 2nd, 2023.”

I move that, as part of ACPS’s ongoing work to support student’s social, emotional, and academic learning, the division incorporates recommendations 14 and 15 into the ongoing review and revision of student supports. Any resulting revisions should be responsive to the staff notes presented on February 2nd, 2023.”

All motions were approved unanimously at the 2/16/23 School Board Meeting.
