## Interests & Experiences

## Statement of Interest/Why You Should Be Appointed

---

To whom it may concern, I am applying to this vacancy because I am passionate about public service, architectural history, design, and Alexandria. I believe my experience and background will be an asset to this commission. I have a Bachelors of Historic Preservation + Community Planning and Architectural History from the College of Charleston. During my studies, I took classes on Urban Design, public art, studio art, architectural history, and historic preservation. My proudest moment in Undergrad was the conceptual design of a monument to honor 36 deceased, enslaved, Africans. This class was in partnership with the University of Pennsylvania, National Geographic, and of course- the local community. In addition to my experience in designing public art and interacting with community, I was an intern with the Alexandria Department of Planning and Zoning in 2017. During my time, I worked to photograph historic buildings and enter them into the GIS system. I also worked on zoning review, BAR approvals, and text amendments. A highlight of this time was researching and creating a Text Amendment allowing for a temporary homeless shelter in Landmark Mall. I have since shifted my focus to Interior design where I presently work as Space Planner Analyst and attend Graduate school part-time at Marymount University. In my free time, I enjoy walking around the streets of Old Town and photographing our beautiful buildings. While photography is fun, I wish to use my experience to really make a difference and get involved in my community! Gullah Society Memorial:

## Interests & Experiences

Statement of Interest/Why You Should Be Appointed

I believe my skills and experience are a great fit for this role. Most importantly, I am very passionate about advocating for the best interest of children and their families, and would be an energetic and driven part of the commission. I have experience working in various positions in the child welfare system. I recently served as a dependency case manager, where I managed the ongoing service delivery and case coordination for over 100 children, parents, and providers. In many of my roles, I've had the opportunity to develop strong connections with foster youth and families. As a case manager and Guardian ad Litem, I coordinated with families, schools, and other relevant parties to advocate for the best interest of foster youth. These experiences gave me insight in this field, and an understanding of the needs of children and families. I work well in team environments and have stellar organizational and time management skills. In both volunteer and workplace environments, I have demonstrated my abilities to take initiative and multitask. For these reasons, I am confident that my skills and experience are a great fit for this role and I am eager to be a part of an organization that shares my passion to support children and families.

Statement of Interest/Why You Should Be Appointed

I care about Alexandria's populations "aging in place" and the support that they deserve and need. My spouse attended the day program at the senior center prior to his placement in a permanent memory care center. He greatly benefited from the center's activities and events. I would like to assist the invaluable project to advise and inform the elderly about local resources available to them.

## Statement of Interest/Why You Should Be Appointed

---

I am writing to express my strong interest in filling the vacant Citizen position within the Sister Cities Committee. With a passion for international relations and a proven track record of building relationships across multiple cultures, I am confident in my ability to bring value to Alexandria. I have extensive experience working in South America and the Arabian Gulf, having honed my skills in diplomacy and cross-cultural communication for the purpose of promoting business. Within South America, I have established relationships with a variety of families [who are key figures within commercial development] to promote investments within their country and the USA. In one instance, I assisted a family in securing JV offers - from US real estate developers - to build a large mixed-use development within Miami [currently being worked on by their legal teams]. Within the Arabian Gulf, I established relations with key business and government figures in order to open a distribution hub for my start-up. The logistical agreement was to send goods from Lima, Peru to the port the Kingdom of Bahrain. Once entering Bahrain, goods would be brought to a new warehouse that was located in between all major roads. Although this start-up failed, I did have some success: I was able to secure cast members of an ABC hit television [The Bachelor] as clients, and I was twice considered as a Retail and E-Commerce category candidate for the Forbes 30 under 30 list [top 10% of nominations]. This experience also applies to my advocacy work. Being of Ethiopian origin, I watched the country fall into conflict over the past several years. More recently, there has been widespread crimes against humanity enacted upon its citizens. I have established relations and have had discussions regarding policy - with a variety of US government figures [local and federal] and international organizations - to promote peace within the country. My deep understanding of the political, economic, and social dynamics in these regions, along with my extensive network of contacts, has equipped me with the skills necessary to succeed in this role. My expertise in these regions can also be applied to that of Europe, where I am eager to explore new relationships and opportunities for cooperation. I am a quick learner and always strive to stay informed of the latest developments in international relations. In addition to my knowledge and experience, I am highly motivated and dedicated to making a positive impact. I believe that my skills and experience make me a strong candidate for this role, and I am eager to bring my passion to serve Alexandria. Thank you for considering my application.

## Interests & Experiences

Statement of Interest/Why You Should Be Appointed

To Whom It May Concern - It was a pleasure to discover the citizen Board member vacancy on the Social Services Advisory Board serving the City of Alexandria. While I currently live in an apartment I am in the process of purchasing a home and making this city my permanent residence and care about ensuring the best for the community. I currently work for the National League of Cities (NLC) which represents city interests at a federal level. In the role of Program Manager on the Entrepreneurship & Economic Development team I have the pleasure of serving cities by providing continuing education, researching the concerns of municipalities and creating data from what's discovered, providing grants to cities on programs surrounding topics such as the development of municipal racial equity frameworks and more. It has been a long term goal of mine in both my personal and professional life to help communities, especially low-income and communities of color, have access to resources. As an individual who grew up in a low income Hispanic household my family benefitted from social services including those for child care and believe it's time to volunteer in my community to give back.
