

Curb Cut Ordinance (5-2-14) Modification

Goals of Proposed Changes

- Streamline the review workflow
- Approval Authority
- Removal of references to "sidewalk crossovers"

Modifications to Workflow

- No changes to the workflow for curb cuts proposed on DSUPs and DSPs
- A separate curb cut application will not be required for curb cuts proposed in association with a grading plan
- No changes to the workflow for curb cuts proposed with a stand alone curb cut application

Approval Authority

- Delegates the approval authority to Director of T&ES or any designated agent. Authority currently resides with the City Manager.

Removal of "sidewalk Crossovers"

- Sidewalk crossovers are considered an element of the overall curb cut permitting process and are not applied for separately

Questions/Comments
