If yes, please explain

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

Thank you for considering my application for service on the Alexandria Renew Board of Directors. In the nearly 10 years that I've lived in Alexandria, I've admired the professionalism and integrity of the agencies and utilities that work together to make our City a wonderful place to live. I would be honored to contribute to that shared spirit of public service by applying my professional expertise to the AlexRenew Board. I am a nationally recognized expert in wastewater and stormwater law and policy, with over a decade of experience advocating for cleaner waterways and better water infrastructure in communities across the country. As a senior attorney at the Natural Resources Defense Council, I lobby for enhanced federal funding for wastewater and stormwater utilities, develop policies to ensure that water and sewer service is affordable for all people regardless of income, and advocate for the adoption of workable legal solutions to bring wastewater and stormwater systems into compliance with the Clean Water Act. Additionally, prior to my current focus on federal advocacy, I spent several years representing NRDC in a leadership role with the Choose Clean Water Coalition, an alliance of 200 environmental organizations working together to clean up the Chesapeake Bay. As a result, I have a strong understanding of how Bay restoration mandates – alongside local water quality goals – drive regulatory requirements for wastewater treatment plants and other dischargers. Like many Alexandrians, I'm excited about the transformational RiverRenew project that will reduce combined sewer overflows and accelerate the revitalization of the Potomac riverfront. I would love to contribute to that effort through service on the AlexRenew Board. Thanks to my experience in the environmental field, I understand the significance of this project both for our City's ecosystems and for the economic benefits a healthier Potomac River will generate. However, I'm also passionate about the less-publicized routine work of providing well-run and affordable sanitation services to our community. Operations, maintenance, and facility upgrades aren't as sensational as a massive tunnel boring machine, but those activities need robust support in order to keep our wastewater system running smoothly. If selected for this position, I would bring my enthusiasm for the nuts and bolts of utility oversight to the Board. I'd also be thrilled to serve as a messenger to the public who can communicate the great work that AlexRenew is doing. Perhaps most importantly, I would also contribute a focus on environmental and social justice that I believe is currently underrepresented on the Board. Many families across the City struggle to afford their wastewater bills, and I believe we can do more as a community to ensure that no one loses access to water and sanitation services due to an inability to pay. I would appreciate the chance to help balance the Board's perspectives on environmental, social, and financial concerns and keep Alexandria the thriving, healthy community we all love.

Are you currently a member of a City Board, Commission, Committee or Authority?

☐ Yes ☒ No

If yes, please list the board:

How many terms have you served on this board?

If you have served more than two consecutive terms on this board, please state the specific qualifications you possess which merit consideration for continued service:

Have you applied for a position on a City Board, Commission, Committee or Authority in the last six months?

☐ Yes ☒ No

If yes, please state the names of the boards for which you have applied

Are you now paid by the City of Alexandria?

☐ Yes ☒ No

If yes, please state your department, job title, and describe your duties:

Do any of your immediate relatives or business associates now serve the City of Alexandria in any capacity?

☐ Yes ☒ No

If yes, please explain:

Attendance Requirements: Sec. 2-4-7 of the City Code requires appointees to attend at least 75% of the yearly committee meetings. Absences may be excused because of personal illness or serious illness of members of the immediate family, death of a family member, unscheduled business trips and emergency work assignments only. All other absences are recorded as unexcused. In light of the aforementioned statement, will you be able to attend at least 75% of the regular meetings of the board which you may be appointed?

☒ Yes ☐ No

If applicable, will you comply with the provisions of the City's conflict of interest requirements in City Ordinance 2867?

☒ Yes ☐ No

EDUCATIONAL BACKGROUND (Please list certificates, diplomas, degrees, seminars, etc.):

• Harvard College, A.B. magna cum laude in Latin American Studies, 2006 • Harvard Law School, J.D., 2009 • Bar Admissions: New York, 2010; District of Columbia, 2010

SUMMARY OF WORK AND PRACTICAL EXPERIENCE (Please list titles and duties for the past five years):

I have worked as an attorney at the Natural Resources Defense Council since 2009. In the past five years, I have held the following titles: Staff Attorney (2014-2017), Senior Attorney (2017-2018), and currently Senior Attorney & Deputy Director of Federal Water Policy (2018-present). NRDC is a national nonprofit environmental organization. At NRDC, my duties center around federal advocacy for strong legal protections for waterways and enhanced water infrastructure funding. My goals are to ensure safe, well-functioning sanitation in all communities and affordable water and sewer bills that allow families to maintain reliable access to these essential public services. In recent years I have also engaged deeply in clean water advocacy at the regional level in the Chesapeake Bay watershed (including in Virginia and the District of Columbia). I am a legal and policy specialist in matters relating to Clean Water Act permitting, green infrastructure, stormwater pollution, combined sewer overflows (CSOs), federal water infrastructure financing, water affordability policy, and climate resilience. Over the years I have developed a strong familiarity with regulatory requirements (such as the Clean Water Act, Virginia Pollutant Discharge Elimination System permits, the Chesapeake Bay total maximum daily load, CSO consent decrees and long-term control plans, and PFAS “forever chemicals” liability for wastewater facilities) as well as funding and financing programs (including the Clean Water State Revolving Fund and Low-Income Household Water Assistance Program) that are relevant to service on the Alexandria Renew Board of Directors. In my current role, I represent NRDC in coalitions and before legislative bodies, administrative agencies, and courts, while working in partnership with community leaders and small businesses. I testified before Congress in 2021 about legislative proposals to promote sustainable wastewater and stormwater infrastructure, and I’ve been invited to participate on a U.S. Government Accountability Office expert panel later this summer on potential reforms to federal wastewater financing programs. I regularly work with local and national media outlets to bring attention to water infrastructure issues. I have published white papers and law review articles on stormwater policy, equitable water infrastructure funding, and the Clean Water Act. Finally, the more administrative aspects of my position at NRDC have provided me with experience managing budgets, contracts, and consultants, which are important functions of AlexRenew Board members.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

As the Vice President of DC Water's \$3.0 billion DC Clean Rivers Project, I oversee implementation of the Authority's Long Term Control Plan to reduce combined sewer overflow (CSO) discharges to District waterways. CSO reduction will help to bring the Anacostia and Potomac Rivers, and Rock Creek into compliance with the District water quality standards and provide flood relief to neighborhoods in the Northeast Boundary section of Washington, DC. The project is a combination of tunnels, sewer separation, rehabilitation, treatment plant improvements and green infrastructure. My professional background and my residency in the City of Alexandria leads me to seek an appointment to the AlexRenew Board of Directors. The AlexRenew mission, purpose, and goals mirror those of the Clean Rivers Project. If selected, I will be able to share my management, technical, procurement, program and regulatory knowledge and experiences, as well as operational lessons learned that, I believe, would assist in setting AlexRenew's strategic direction. The DC Clean Rivers Project is a 25-year Consent Decree program that has met all its schedule milestones to date and is \$42 million under budget.
