

I-395 Northbound Auxiliary Lane

September 15, 2012

VDOT I-395 Northbound Auxiliary Lane

- Links on-ramp at Duke Street with off-ramp at Seminary Road

I-395 Northbound Auxiliary Lane

- Traffic demand on this section expected to increase due to I-395 Express Lanes
- Auxiliary lane helps mitigate traffic impacts on I-395 and parallel roads
- Construction of auxiliary lanes requires tree removal and may require sound walls
