

# Biennial Tax Review

January 8, 2013

# Background

- City Code Section 9-12-31 requires that the Traffic and Parking Board and City Manager conduct a review of the taxicab industry in Alexandria
- As part of the review, the Board is to hold a public hearing to receive testimony from representatives of the industry and the public
- The conclusions as to the status of the industry will be sent from the Board to the City Manager for consideration in making final determinations about the industry

# Findings

- Staff believes that the number of Alexandria taxicabs exceeds the demand for service in the City and at the airport.
  - Two dispatch calls per day per cab requirement is not being met by many companies
  - King Street Trolley
  - Uber Taxi/Limousine service
  - Change to State Code Section 46.2-2067(b); limits a jurisdiction's ability to reduce the number of cabs authorized for any particular company

# Summary of Observations

- Factors considered: rate of inflation, change in gas prices, change in cost to maintain a vehicle, and competition in the area
