**Subject:** June 15 public hearing docket - REVISED  
**Importance:** High

Good afternoon—

Saturday's public hearing docket has been revised as follows:

Item #18, the ordinance on the affordable housing initiatives, now has a note attached to it noting that it has been removed from the docket.

Added to the docket are new items #30 and 31, as follows:

Docket item #30 is the receipt of the viewers report for the property at 1000-1002 Pendleton Street. This viewers report was just received Tuesday afternoon.

Docket item #31 is the introduction of the ordinance to implement the vacation of the property on Pendleton Street, per the recommendation of the viewer's report. This ordinance is being added to the Saturday docket for introduction so that the public hearing and adoption can be made at the June 25 Council meeting (before the summer recess.)

Please let me know if you have any questions.
