What is the Annual Action Plan?

The City of Alexandria's Annual Action Plan for the period July 1, 2014 to June 30, 2015 describes activities to be undertaken to promote the City's Consolidated Plan goals. The Plan also describes how federal, state, City, and private funds are allocated during the Plan period to address the housing and community development needs of the City's low- and moderate-income populations, and homeless and special needs populations during the one-year period.

The U.S. Department of Housing and Urban Development (HUD) requires localities receiving federal funds, including the Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), Emergency Solutions Grant (ESG), and Housing Opportunities for Persons with AIDS (HOPWA), to complete and submit the Action Plan each year as a condition of receipt of funds. The FY 2015 Action Plan will serve as the City's application for the Federal Fiscal Year (FFY) 2014 allocations of CDBG and HOME funds at \$722,919 and \$388,225 respectively.

The City of Alexandria is an entitlement grantee under the CDBG and HOME programs, but not under the ESG and HOPWA programs. However, the City and local nonprofits receive ESG funds through the state's allocation. HOPWA funds from a HUD allocation to the entire Washington, DC Metropolitan area may be used in Alexandria.

Citizen Participation in the Development of the Plan

The Office of Housing is the lead agency for overseeing the development of the City's Consolidated Plan, Action Plan, and Consolidated Annual Performance Evaluation Report (CAPER).

Throughout the development of the Action Plan the City consults with public and private housing, health services, and social services agencies, which provide one year goals and objectives and federal, state and local resources expected to be available, to address priority needs as identified in the Consolidated Plan.

Included in this consultation are The Partnership to Prevent Homelessness, whose member organizations' clientele include persons with disabilities, elderly persons, children, homeless persons and persons threatened with homelessness, persons with HIV/AIDS and their families, persons affected by mental illness, intellectual disabilities and substance use disorders; the Alexandria Redevelopment and Housing Authority; and the City's Planning and Zoning Department. The full list of major public and private agencies responsible for administering programs are listed in the Action Plan. As required by HUD, the City is providing 30 days for citizens to comment on the Draft Action Plan and will be conducting a public hearing in the spring on April 12, 2014 before the Alexandria City Council to obtain citizen input prior to the Plan's finalization and

submission to HUD. A public hearing was also conducted in the fall on Wednesday, September 9, 2013 by City staff. Notices of the Draft Action Plan, public hearings, and 30day comment period are published in the local newspapers with general circulation in the City. The notices are printed in English – and Spanish - Ianguage newspapers, and the Draft Action Plan is made available for public review in Alexandria libraries and on the Office of Housing website at alexandriava.gov/Housing. See page vi for public notices of the Draft Action Plan.

City of Alexandria Housing Master Plan Affordable Housing Initiative

On December 14, 2013, the Alexandria City Council approved the City's first Housing Master Plan (HMP). The City has established a target of providing, preserving, or assisting 2,000 units from FY 2014 through FY 2025 through the implementation of the goals, strategies, and tools contained in this Housing Master Plan.

HUD Performance Measure

Provide and preserve decent housing with improved affordability

James Bland Redevelopment Project (Old Town Commons)

The construction of Blocks D and F is scheduled to be completed in 2015. These two blocks constitute the final phase of the redevelopment plan. The blocks were awarded tax credits by Virginia Housing Development Authority (VHDA) in the spring of 2012 and consist of 54 ARHA units, 32 market rate condominiums, and 62 market rate townhomes. When this final phase is completed, 134 affordable units will have been developed on-site.

AHC, Inc. Jackson Crossing Construction Project

Construction of the Jackson Crossing 78-unit affordable housing project is scheduled to begin at the end of FY 2014 and be completed in FY 2015. The property is located at the corner of East Reed Avenue and Jefferson Davis Hwy. The Project, which was awarded housing tax credits in June 2013, will include one-, two-, and three- bedroom units. The City provided \$2.5M in loan funds along with land to the project.

Affordable Housing Needs

Renters

Goal: Preserve and maintain the existing supply of affordable housing and achieve a net increase.

The City's primary objective for affordable rental units is to maintain the supply of a minimum of 1,150 subsidized (publicly-assisted) rental units, as required by Resolution 830. The Old Town Commons (James Bland redevelopment) effort addresses this objective.

Over the remaining year of the Consolidated Plan, 619 units in assisted properties will face potential loss of subsidy as private entities that own and operate these units become eligible to remove units from the City's assisted rental housing stock. The City's five-year objective involving privately-owned rental units with project based assistance is to preserve and maintain approximately 2,560 units, and to achieve a net increase in this number.

The objective of developing or preserving 158 rental units relies primarily on nonfederal funding sources, including Housing Trust Fund

Each year, The Partnership to Prevent and End Homelessness in the City of Alexandria (The Partnership) members participate in a HUD Continuum of Care (CoC) Program competition to obtain grant funding for projects that provide housing and services to individuals and families experiencing or at-risk of homelessness. This grant opportunity allows the submission of a collaborative application for the funding of programs that fit within specific eligibility guidelines. The state has also adopted this process for ESG funding.
