## I. DISCUSSION

The applicant, Jim Nicholson, requests Special Use Permit approval to operate an outdoor food and craft market at the northwest corner of the parking lot at Southern Towers Apartments located at 5055 Seminary Road.

### SITE DESCRIPTION

The subject property is one lot of record with approximately 1,700 feet of frontage along the entire block of Seminary Road between Interstate 395 and Beauregard Street. The site also has approximately 1,000 feet of frontage along interstate 395 and approximately 400 feet of frontage along Beauregard Street. The total lot area is 40.6 acres. Multi-family residential uses surround the site on the north and east, Interstate 395 borders the site to the south, and the Mark Center multi-use complex is to the west, across Seminary Road. The site is developed with the Southern Towers Apartments, a high density residential and mixed-use community with five 15-story high rise residential buildings; a small commercial complex that contains a bank and a 7-Eleven convenience store, a clubhouse, two swimming pools, tennis courts, and other facilities. The complex was built in 1960 and has 2,340 residential units.

### BACKGROUND

Southern Towers is a large mixed-use apartment complex with a small commercial/retail building that contains a bank and a 7-Eleven convenience store, which was approved by special use permit in 2004 (SUP2003-00112). Currently, another development special use permit application is pending, which is for the reconstruction of the complex's clubhouse and the addition of a day care use.

The applicant established an outdoor food and craft market at the northwest corner of the complex's parking lot in 2013. Upon discovery of this market, Zoning Staff instructed him to obtain necessary zoning approvals in order to remain operational. The applicant, accordingly, submitted special use permit documents in August of 2013. Unfortunately, the RC zone, where the complex is located, did not permit outdoor food and craft markets at that time. On September 4, 2014 City Council adopted a zoning ordinance text amendment (TA2014-0004) that permits outdoor food and craft markets in high-density residential zones, including this RC zone, with special use permit approval. After adoption of this ordinance, the applicant again applied for approval to continue operation of this food and craft market at this site.

### PROPOSAL

The applicant operates the Farmers' Market at Southern Towers in a 50-space section of the parking lot at the northwest corner of the site near the intersection of Seminary Road and Beauregard Street. The applicant seeks approval to continue operation of this market. It is configured with tent structures with three rows of stalls selling produce, crafts, and prepared foods. The market operates on Saturdays and Sundays only between 9 a.m. and 9 p.m., with set-up beginning at 8 a.m. on both days. Inventory is delivered in trucks before operation and throughout the day. No odors are anticipated, and trash consists mostly of cardboard boxes. All trash and litter is removed by the market manager by the end of each day.

### PARKING

The Zoning Ordinance does not include a specific parking requirement for outdoor food and craft markets, but adequate parking is provided for this activity. This market operates at an existing residential parking lot. A total of 50 spaces are reserved for the use, of which approximately 19-20 spaces are taken up by trucks and the market stalls. Another 30 spaces are available for vendors and customers. The complex has a total of 2,437 existing spaces.

### ZONING/MASTER PLAN DESIGNATION

The subject property is located in the RC-High Density Apartment zone. A recent text amendment to the Zoning Ordinance allows an outdoor food and craft market in this zone if a full hearing special use permit is granted. This site is in the Beauregard Small Area Plan chapter of the Master Plan, which designates this portion of the Southern Towers property for commercial redevelopment with office and retail uses. The plan generally promotes a mixture of

uses in areas near transit stops and major intersections. Southern Towers has several bus stops, and additional transit improvements are planned for the area. This project is compatible with the plan.

## **II. STAFF ANALYSIS**

Outdoor food and craft markets are a popular and beneficial way to build a sense of community, stimulate outdoor pedestrian activity, and improve access to healthy and fresh food. Alexandria has several food and craft/farmers' markets already operating in other areas that add to the richness of the urban environment and give residents the opportunity to consume a variety of interesting, quality foods. They also give farmers and crafts people an opportunity to sell their goods, thus stimulating the regional economy. This market has become very popular during its operation and has generated a 4-star rating on Yelp as well as a loyal customer base. Residents of this complex and nearby multi-family residential areas are able to walk to this location and purchase fresh produce. Although the apartment complex contains a 7-Eleven, residents have limited access to full-service supermarkets. There is a public benefit to accommodating a food and craft market here with fresh, higher quality foods to cater to the dietary needs of residents. According to Census estimates, approximately 18 percent of the households at this complex do not own an automobile, so the availability of healthy food from a food and craft market on-site is especially valuable to those residents without cars.

Staff finds this request to be reasonable, and finds that it would continue to improve the quality of life for Southern Towers and surrounding area residents and be a community asset. Few, if any, negative impacts are anticipated. Staff proposed several conditions to avoid potential problems from the operation. Condition 15 prohibits amplified sound. The sale of alcoholic beverages would not be allowed (Condition 4). There are also conditions assuring quality management and litter removal.

Subject to the conditions contained in Section III of this report, staff recommends approval of the Special Use Permit request.

The Farmers Market provides the best quality in produce at affordable prices for the tenants that live at Southern Towers Apartment. In which, many of them are low income, elderly and are without convenient transportation. Taking a bus to the grocery store was the only option for many of the residences living there. Southern Towers and our Farmers Market has partnered together to allow this amenity for the tenants and surrounding neighborhoods.

Because of this partnership we have become quite popular with the tenants at Southern Towers as well as with many of the locals.

My son, Jimmy, and I have made it a point to make our market educational for families to come to....We strive to educate our customers on the benefits of certain produce that may not be common knowledge. We also show them how to take proper care of what they buy to lessen the amount that spoils.

We have enjoyed serving and meeting the people of Southern Towers and the locals of Alexandria that shop with us. We are looking forwards to continuing a long partnership with Southern Towers and the City of Alexandria.

Thank you very much  
With Best Regards,

Jim and Jimmy Nicholson
