**Re: Docket Item #9 7-Eleven at 4550 Kenmore Ave.  
Special Use Permit 2014-0129 (the "Application")  
Vertical Construction Management (the "Applicant")**

Dear Members of the Planning Commission:

The Applicant requests the following revisions to conditions number 20 and 21:

20. "The public restroom and ATM shall be placed in clear view of and in close proximity to the cashiers or the bathroom's exterior and ATM shall be monitored by working closed-circuit security cameras."
21. ~~"The applicants shall be required to have a minimum staffing of 2 employees at all times, including the overnight shift."~~

I have discussed these items with the Police Chief and he has agreed to the requested revisions.  
Thank you for your thoughtful consideration of this matter.
