BRUNNER ROMITI BRUNNER ARCHITECTS

ARCHITECTURE FORENSIC ANALYSIS INTERIOR DESIGN PROJECT MANAGEMENT CONSTRUCTION ADMINISTRATION

April 10, 2015

The Honorable Mayor Euille, Vice Mayor Silberberg and Members of the City Council
City of Alexandria
301 King St.
Alexandria, VA 22314

Re: Membership request to the Historical Restoration and Preservation Commission

I would be honored for your support of appointment to the Alexandria Historical Restoration and Preservation Commission. I request a Residency Waiver as I live in Lorton yet, as an Alexandria business owner and member of the Old Presbyterian Meeting House, spend most waking hours in the city. As president of Brunner Romiti Brunner Architects, my life has revolved around the analysis, care and repair of urban neighborhoods and the resident buildings and structures of significance and otherwise that occupy them. The ability and desire to positively guide and inform the place making process at all scales is result of the appreciation and knowledge of context upon historical, cultural and technical influences.

Ten years practice in Buenos Aires afforded me the privilege of working on national treasures such as restoring frescos in the vaulted ceilings at the Gallerias Pacifico. A few of many experiences include restoration of stone friezes at the Palacio of San Martin while immigration in 2001 brought me to such remarkable projects as the analysis of moisture mitigation on marble pilasters in the Bayh Federal Courthouse, Indianapolis. Residential, commercial, government, military and institutional building types comprise my portfolio of the past 27 years. A passion and background in restoration, preservation and conservation are further reflected in many years as contributor to the National Trust for Historic Preservation, the American Institute of Architects and Indiana Landmarks Foundation. Advanced and diverse software skills on many platforms and the ability to speak five languages reflect additional career dedication.

I am an author, speaker and consultant whose broad experience and international insight will bring new ideas and solutions to the local discussion about the place and role of architecture and history in contemporary American society. In 1989 I received a Masters of Architecture & Urban Planning from the Universidad Nacional de La Plata in Buenos Aires, Argentina. I am in private practice with my architect husband, George, and am the parent of four adult children.

I would appreciate your sponsorship, collaboration and endorsement for the commission position. Thank you for your time and consideration.

Respectfully,

Pat Brunner
