DESCRIPTION OF PROPOSED WORK: *Please describe the proposed work in detail (Additional pages may*

The first floor back of the house is to be extended by 6 feet. The northern side of the house (approximately 3 feet in width) (see Photo #3 attached) which is set back from the majority of the width of the first floor back of the house (approximately 12.7 feet in width) (see Photo #2 attached) and the second story also set back from the very back of the first floor will be extended such that it is all parallel with the entire back of the newly extended house. The first story room created inside the back of the house would be stepped down to 2 feet within ground level by being stepped down inside the house by approximately 2 ft at approximately 15 ft inside of the extended back of the house. There would be 3 French doors across the entire of the back of the house opening onto two small steps (2 feet off ground level) leading to a redone garden. In the front of the house (see Photo #1 attached), a small, period authentic portico much like those that currently exist on numerous houses on the same and surrounding blocks would be added. The design of the portico to be added would be a replication of the portico a few doors down at 725 S Fairfax (see Photo #4 attached).

SUBMITTAL REQUIREMENTS:

Items listed below comprise the **minimum supporting materials** for BAR applications. Staff may request additional information during application review. Please refer to the relevant section of the *Design Guidelines* for further information on appropriate treatments.

Applicants must use the checklist below to ensure the application is complete. Include all information and material that are necessary to thoroughly describe the project. Incomplete applications will delay the docketing of the application for review. Pre-application meetings are required for all proposed additions. All applicants are encouraged to meet with staff prior to submission of a completed application.

Electronic copies of submission materials should be submitted whenever possible.

Demolition/Encapsulation : *All applicants requesting 25 square feet or more of demolition/encapsulation must complete this section. Check N/A if an item in this section does not apply to your project.*

ALL APPLICATIONS: *Please read and check that you have read and understand the following items:*

- ☒ I have submitted a filing fee with this application. (Checks should be made payable to the City of Alexandria. Please contact staff for assistance in determining the appropriate fee.)
- ☒ I understand the notice requirements and will return a copy of the three respective notice forms to BAR staff at least five days prior to the hearing. If I am unsure to whom I should send notice I will contact Planning and Zoning staff for assistance in identifying adjacent parcels.
- ☒ I, the applicant, or an authorized representative will be present at the public hearing.
- ☒ I understand that any revisions to this initial application submission (including applications deferred for restudy) must be accompanied by the BAR Supplemental form and 3 sets of revised materials.

The undersigned hereby attests that all of the information herein provided including the site plan, building elevations, prospective drawings of the project, and written descriptive information are true, correct and accurate. The undersigned further understands that, should such information be found incorrect, any action taken by the Board based on such information may be invalidated. The undersigned also hereby grants the City of Alexandria permission to post placard notice as required by Article XI, Division A, Section 11-301(B) of the 1992 Alexandria City Zoning Ordinance, on the property which is the subject of this application. The undersigned also hereby authorizes the City staff and members of the BAR to inspect this site as necessary in the course of research and evaluating the application. The applicant, if other than the property owner, also attests that he/she has obtained permission from the property owner to make this application.
