The Honorable Mayor William E. Euille and Members of the Alexandria City Council

Dear Mayor Euille and Members of the Alexandria City Council:

On behalf of the Metropolitan Washington Council of Governments, it is our pleasure to fully support Tamara Wilson in her application to serve on the City of Alexandria Public Health Advisory Commission.

While enrolled as a Graduate Student within the Department of Public Health Microbiology and Emerging Infectious Disease at the George Washington University, Milken Institute School of Public Health, Tamara served as a Public Health Intern at the Metropolitan Washington Council of Governments from May – August 2015. Tamara was tremendously successful in providing thorough research and recommendations in achieving the Health Officials Committee Region Forward Goal: Seeking Communities in which Every Person Enjoys Health & Well-being.

Tamara has already demonstrated her commitment to serve the City of Alexandria by her recent enrollment in the City's Medical Response Corp and continued service to the Alexandria community through the Nu Xi Zeta chapter of Zeta Phi Beta Sorority Incorporated via our ongoing partnerships with ALIVE! and Meals on Wheels.

I am in full support of her application, and I am confident Tamara will be successful in actively supporting the evaluation of health-related matters on behalf of the City of Alexandria.

Should you have any questions, please contact me at 202-962-3340.

Thank you in advance for your consideration.

Sincerely,

Stuart Freudberg,  
Deputy Executive Director

Dear *Call.Click.Connect.* User

A request was just created using *Call.Click.Connect.* The request ID is 80645.

### Request Details:

- Name: Lauren Tamara Wilson
- Approximate Address: No Address Specified
- Phone Number: 919-414-8444
- Email: [wilson.Itamara@gmail.com](mailto:wilson.Itamara@gmail.com)
- Service Type: Mayor, Vice Mayor, City Council
- Request Description: Dear City Council Members,

I applied for the vacant non-healthcare provider position on the Public Health Advisory Commission because I believe that the commission's work pertaining to the evaluation of health-related matters and investigation of specific health problems aligns with my personal and professional interests.

Earlier this summer, I worked with Alexandria City Medical Director, Dr. Stephen Haering, and the Metropolitan Washington Council of Governments Health Officials Committee to investigate public health indicators for our region. I have also worked as an EMT, conducted research into hospital acquired C. difficile transmission rates, and am currently completing a Master of Science in Public Health Microbiology and Emerging Infectious Diseases from the George Washington University, Milken Institute School of Public Health.

I am empowered to use my professional expertise gleaned through these and other experiences in service to the City of Alexandria. This is evidenced by my recent enrollment in the City's Medical Response Corp and continued service to the Alexandria community through the Nu Xi Zeta chapter of Zeta Phi Beta Sorority Incorporated via our ongoing partnerships with ALIVE! and Meals on Wheels.

I understand that this is a contested position and that Mr. Merritt's work is well known throughout the city. However, I hope that you will support my future aspirations to become involved in this important work.

Thank you, in advance, for your consideration and support.

Regards,  
Lauren Tamara Wilson
