HB 260 Firearms; law-enforcement certification of transfer.

Patrons: LaRock and Collins

Summary as introduced:

Law-enforcement certification of certain firearms. Provides that when the certification of a chief law-enforcement officer is required by federal law for transfer of a firearm as defined in the National Firearms Act, such certification must be provided within 60 days if the applicant is not prohibited by law from receiving the firearm. If the applicant is prohibited by law from receiving the firearm, the chief law-enforcement officer or his designee shall notify the applicant in writing of the reason for the prohibition. For the purposes of the bill, the definition of "firearm" is limited to machine guns, rifles and shotguns of a certain length, weapons made from certain rifles or shotguns, and silencers. If the chief law-enforcement officer fails to provide certification within 60 days, the applicant has a right to an ore tenus hearing in circuit court and, unless the evidence shows that the applicant is prohibited by law from receiving the firearm, the court shall order the chief law-enforcement officer to issue the certification within five business days.

HB 770 Conditional zoning; provisions applicable to all rezoning proffers, definitions.

Patron: Gilbert

Summary as passed House:

Conditional zoning. Provides that no locality shall (i) request or accept any unreasonable proffer in connection with a rezoning or a proffer condition amendment as a condition of approval of a new residential development or new residential use or (ii) deny any rezoning application, including an application for amendment to an existing proffer, for a new residential development or new residential use where such denial is based on an applicant's failure or refusal to submit, or remain subject to, an unreasonable proffer. A proffer shall be deemed unreasonable unless it addresses an impact that is specifically attributable to a proposed new residential development or other new residential use applied for. An off-site proffer shall be deemed unreasonable pursuant to the above unless it addresses an impact to an off-site public facility, such that, (a) the new residential development or new residential use creates a need, or an identifiable portion of a need, for one or more public facility improvements in excess of existing public facility capacity at the time of the rezoning or proffer condition amendment, and (b) each such new residential development or new residential use applied for receives a direct and material benefit from a proffer made with respect to any such public facility improvements. In any action in which a locality has denied a rezoning or an amendment to an existing proffer and the aggrieved applicant proves by a preponderance of the evidence that it refused or failed to submit, or remain subject to, an unreasonable proffer that it has proven was suggested, requested, or required, formally or informally, by the locality, the court shall presume, absent clear and convincing evidence to the contrary, that such refusal or failure was the controlling basis for the denial. The bill also provides that certain conditional rezoning proffers related to building materials, finishes, methods of construction, or design features on a new residential development are prohibited.

HB 773 Government Nondiscrimination Act; created.

Patrons: Gilbert, Adams, Cole, Edmunds, Hugo, Ransone and Wright

Summary as introduced:

Government Nondiscrimination Act; creation. Creates the Government Nondiscrimination Act (the Act), which prohibits a government entity from taking any discriminatory action against a person on the basis that such person believes, speaks, or acts in accordance with a sincerely held religious belief that marriage is or should be recognized as the union of one man and one woman and that the terms "man" and "woman" refer to an individual's immutable biological sex as objectively determined by anatomy and genetics of the individual at the time of birth. For purposes of the Act, discriminatory actions include actions that adversely affect the tax treatment of a person or that withhold or otherwise make unavailable any (i) grant, contract, subcontract, cooperative agreement, guarantee, loan, scholarship, license, certification, accreditation, or employment; (ii) entitlement or benefit under a benefit program; or (iii) entitlement to utilize state property. The Act also provides that a person shall be considered to be validly accredited, licensed, or certified for any purpose under state law if such person would otherwise have been accredited, licensed, or certified but for a determination based upon such person's sincerely held religious belief or moral conviction.

HB 812 Limited Residential Lodging Act; established, penalty.

Patrons: Peace, Farrell, Fowler, Helsel, Hodges, Hope, Keam, LeMunyon and Lopez

Summary as passed House:

Limited Residential Lodging Act; penalty. Establishes the Limited Residential Lodging Act (the Act), which allows property owners to rent out their homes or portions thereof for charge for periods of less than 30 consecutive days or do so through a hosting platform, under certain circumstances. The hosting platform may register with the Department of Taxation, in which case the hosting platform is responsible for the collection and remittance of all applicable taxes on behalf of the property owner. The bill defines "limited residential lodging," "booking transaction," and "hosting platform" and provides for penalties for violations of the Act. The bill also requires the Housing Commission to convene a work group with representation from the hotel industry, hosting platform providers, local government, state and local tax officials, property owners, and other interested parties to explore issues related to expansion of the framework set forth in the bill related to the registration, land use, tax, and other issues of public interest associated with the short-term rental of dwelling and other units that are not a person's principal residence. The work group shall take into consideration existing structures governing the activities of bed and breakfast inns, vacation rentals, and other transient occupancy venues.

The work group shall complete its work by December 1, 2016, with the goal of developing draft legislation for consideration by the 2017 Session of the General Assembly.

Summary as passed:

Virginia Collaborative Economic Development Act. Creates the Virginia Collaborative Economic Development Performance Grant Fund. The Fund will be administered by a policy

board created by legislation adopted by the 2016 Session of the General Assembly with a legislatively stated purpose of promoting collaborative regional economic development and workforce development opportunities (the Go Virginia Board). If no such board is created, the Virginia Economic Development Partnership (the Partnership) will administer the Fund. Two or more localities that collaborate and adopt a collaborative economic development plan will be eligible for grants from the fund over a period of six years if the collaboration results in the location or expansion of a company in the Commonwealth that (i) creates at least 200 new jobs with average salaries at least 25 percent higher than the average wage and (ii) makes a capital investment of at least \$25 million. The company must maintain the job creation and investment for a period of three years before being eligible for the first grant payment. The total amount of the grant applied for shall not exceed the total investment of the localities in executing the collaborative economic development plan, and each annual installment of the grant may not exceed 50 percent of the total annual amount of personal income tax withheld by the certified company from the newly created jobs. Upon making a written finding of significant fiscal distress in or extraordinary economic opportunity for the participating localities, the Go Virginia Board (or the Partnership if the Board does not exist) may lower the job and capital investment requirements to no fewer than 25 new jobs and no less than \$1 million in capital investment, and may award up to 100 percent of the total investment of the localities. The grant program will sunset on July 1, 2026. This bill is identical to SB 459.

HB 887 Virginia Public Procurement Act; requirements for use of construction management.

Patrons: Albo, Fowler, Peace and Stolle

Summary as introduced:

Virginia Public Procurement Act; requirements for use of construction management.

Restricts the use of construction management procurements by public bodies unless (i) the total project cost is \$50 million or more, (ii) a written determination is provided stating that competitive sealed bidding is not practicable or fiscally advantageous, (iii) the contract is entered into prior to the schematic phase of design, (iv) construction management experience is not required or considered as part of the award, (v) price is the primary determining factor for award of the contract, and (vi) proposers provide for the participation of small, women-owned, and minority-owned businesses in the project. The bill provides that for projects where the total project cost is not expected to exceed \$50 million, a public body may use competitive negotiation to procure construction on a construction management basis if (i) the above requirements are met; (ii) the project is (a) of substantial historical value or interest or (b) significantly unique or extremely complex in nature; (iii) prior to any solicitation for such project, the public body notifies in writing the Director of the Department of General Services in the case of state public bodies, or the local governing body in the case of a local public body, of its intent to procure construction on a construction management basis; and (iv) the Director of the Department of General Services or the local governing body, as the case may be, makes a finding that the public body is in compliance with the requirements of this subsection, which finding shall be on a per project basis and shall be in writing. The findings for state public bodies shall be made by the Director under existing regulations and guidelines established by the Department of General Services. In addition, the bill defines "public body" for the purposes of the use of construction management for construction to include (i) public institutions of higher education that have executed a valid management agreement under the Restructured Higher Education Financial and Administrative Operations Act of 2005 (§ 23-38.88 et seq.) and (ii) localities and school divisions that were previously exempt based on the adoption of alternative policies and procedures based on competitive principles and generally applicable to procurement of goods and services by the locality or school division.

Summary as introduced:

Physical evidence recovery kits. Establishes a comprehensive procedure for the collection and analysis of physical evidence recovery kits for victims of sexual assault, including those who elect at the time of the exam not to report a sexual assault to a law-enforcement agency. Kits from victims who elect not to report are known as "anonymous physical evidence recovery kits" and will be stored at the Division of Consolidated Laboratory Services (the Division) for two years, although the Division, the victim, or the law-enforcement agency may elect for the kits to be retained for a longer period of time. If the victim later elects to report the sexual assault, the victim's kit will be released to law enforcement. Health care providers are required to explain these procedures and time frames to victims. Where the victim elects to report the offense to law enforcement at the time of the exam, law enforcement is required to take possession of the victim's kit forthwith upon notification from the health care provider that the kit has been collected and, with limited exceptions, to submit the kit to the Department of Forensic Science for analysis within 60 days. The bill outlines the exceptions to mandatory submission for analysis, time frames, and storage requirements for retention of analyzed samples; expungement of DNA samples obtained but not connected to a crime; and victims' notification rights.

HB 1250 Virginia Erosion and Stormwater Management Act; consolidation of programs, opt-out for locations.

Patrons: Wilt and Bulova

Summary as passed House:

Virginia Erosion and Stormwater Management Act; consolidation of programs; opt-out for certain localities; penalties. Combines existing statutory programs relating to soil erosion and stormwater management, directing the State Water Control Board (the Board) to permit,

regulate, and control both erosion and stormwater runoff. The bill requires any locality that operates a municipal separate storm sewer system (MS4) or a Virginia Stormwater Management Program (VSMP) to adopt a Virginia Erosion and Stormwater Management Program (VESMP) that regulates any land-disturbing activity that disturbs an area of 10,000 square feet or more, or 2,500 square feet or more if in a Chesapeake Bay Preservation Area. A locality that lacks an MS4 and for which the Department of Environmental Quality (DEQ) is currently administering a VSMP is required to (i) adopt such a VESMP, (ii) adopt such a VESMP with DEQ conducting plan review and making recommendations on the compliance of each plan with technical criteria, or (iii) continue to operate a separate Virginia Erosion and Sediment Control Program (VESCP) that regulates any disturbance of 10,000 square feet or more and, in a Preservation Area, regulates a disturbance of 2,500 square feet or more and meets certain other requirements. Any eligible locality that chooses the third option is to have a VSMP administered on its behalf by the Board for any land-disturbing activity that disturbs one acre or more of land, including an activity that disturbs a smaller area but is part of a larger development that results in a disturbance of one acre or more. The bill directs certain charges or penalties to the Stormwater Local Assistance Fund, which provides matching grants to local governments for stormwater best management practices. Finally, the bill directs DEQ to evaluate fees related to the consolidated Virginia Erosion and Stormwater Management Program and directs the Board to adopt regulations to carry out the purposes of the bill, delaying the effective date of the bill until the later of July 1, 2017, or 30 days after the adoption of such regulations.

HB 1286 Distributed and renewable generation of electric energy; net energy metering.

Patrons: Minchew, Sullivan and Villanueva

Summary as introduced:

Distributed and renewable generation of electric energy; net energy metering and third party purchase agreements. Exempts generators that are not organized as a public service company and that provide electric energy from renewable energy to retail customers under certain power purchase agreements from being defined as a public utility or a supplier. The measure authorizes retail customers to purchase electric energy from such generators provided that the renewable energy electricity generation source is located on property owned, leased, or otherwise controlled by the retail customer or any affiliated person. The net energy metering programs are amended to remove the one percent cap relative to total utility sales for net metered facilities. The State Corporation Commission is directed to establish separate net energy metering programs for eligible multi-meter customer-generators, who are customers that own or operate, or contracts with another person to own or operate, or both, a renewable energy generating facility that uses as its sole energy source solar power, wind power, or aerobic or anaerobic digester gas, does not have an aggregate generation capacity of more than one megawatt, and is used primarily to provide energy to metered accounts of the customer. The measure amends the Commonwealth's energy policy by adding the goals of encouraging private sector distributed renewable energy, increasing security of the electricity grid by supporting distributed renewable energy projects, and augmenting the exercise of private property rights by landowners desiring to generate their own energy from renewable energy sources on their lands.

HB 1327 Local law-enforcement agencies; body-worn cameras.

Patrons: Davis and Levine

Summary as introduced:

Local law-enforcement agencies; body-worn cameras. Requires localities to adopt and establish a written policy for the operation of a body-worn camera system that conforms to the model policy established by the Department of Criminal Justice Services (the Department) prior to purchasing or deploying a body-worn camera system. The bill requires such policy to provide that (i) recorded individuals have a right to view and make copies of any recording in which they are depicted; (ii) recordings generally be destroyed within 60 days; and (iii) the locality review the recordings periodically to determine whether persons wearing the cameras are acting inappropriately or exhibiting bias. The bill provides that the State reimburse each locality up to one-half of the costs of any body camera system if the locality has adopted and established a written policy that has been approved by the Department. The bill requires the Department to establish a model policy for the operation of body-worn camera systems and establish procedures for the reimbursement of counties and cities that purchase a body-worn camera system.

HB 1347 Wireless communications; infrastructure established.

Patron: Heretick

Summary as introduced:

Wireless communications infrastructure. Prohibits a locality from charging an application fee, consulting fee, or other fee associated with the submission, review, processing and approval of an application to construct a new wireless support structure, for the substantial modification of a wireless support structure, or for collocation of a wireless facility or replacement of a wireless facility on an existing structure or utility pole that is not required for similar types of commercial development within the locality's jurisdiction. The measure permits a locality to charge fees for the costs directly incurred by it relating to the granting or processing of an application. Such fees are capped at the lesser of the amount charged by the locality for a building permit for any other type of commercial development or land use development, or \$500 for a collocation application, small cell facility or distributed antenna system or \$1,000 for a new wireless support structure or for a substantial modification of a wireless support structure. Localities are prohibited from (i) requiring an applicant to submit information about, or evaluate an applicant's business decisions with respect to its designed service, customer demand for service, or quality of its service to or from a particular area or site, or information that concerns the specific need for the wireless support structure; (ii) evaluating an application based on the availability of other potential locations for the placement of wireless support structures or wireless facilities; (iii) dictating the type of wireless facilities, infrastructure or technology to be used by the applicant; and (iv) requiring the removal of existing wireless support structures or wireless facilities, as a condition for approval of an application. The measure grants to any domestic or foreign telecommunications provider or broadband provider to construct, maintain, and operate conduit, poles, cable, switches and related appurtenances and facilities along, across, upon and under any public highway or rights-of-way in the Commonwealth. Localities are barred from (a) imposing certain environmental testing, sampling, or monitoring requirements or (b) instituting any moratorium on the permitting, construction or issuance of approvals of new wireless support structures, substantial modifications of wireless support structures, or collocations.

SB 586 Public Procurement Act; requirements for use of construction management.

Patron: Ruff

Summary as introduced:

Virginia Public Procurement Act; requirements for use of construction management.

Restricts the use of construction management procurements by public bodies unless (i) the total project cost is \$50 million or more, (ii) a written determination is provided stating that competitive sealed bidding is not practicable or fiscally advantageous, (iii) the contract is entered into prior to the schematic phase of design, (iv) construction management experience is not required or considered as part of the award, (v) price is the primary determining factor for award of the contract, and (vi) proposers provide for the participation of small, women-owned, and minority-owned businesses in the project. The bill provides that for projects where the total project cost is not expected to exceed \$50 million, a public body may use competitive negotiation to procure construction on a construction management basis if (i) the above requirements are met; (ii) the project is (a) of substantial historical value or interest or (b) significantly unique or extremely complex in nature; (iii) prior to any solicitation for such project, the public body notifies in writing the Director of the Department of General Services in the case of state public bodies, or the local governing body in the case of a local public body, of its intent to procure construction on a construction management basis; and (iv) the Director of the Department of General Services or the local governing body, as the case may be, makes a finding that the public body is in compliance with the requirements of this subsection, which finding shall be on a per project basis and shall be in writing. The findings for state public bodies shall be made by the Director under existing regulations and guidelines established by the

Department of General Services. In addition, the bill defines "public body" for the purposes of the use of construction management for construction to include (i) public institutions of higher education that have executed a valid management agreement under the Restructured Higher Education Financial and Administrative Operations Act of 2005 (§ 23-38.88 et seq.) and (ii) localities and school divisions that were previously exempt based on the adoption of alternative policies and procedures based on competitive principles and generally applicable to procurement of goods and services by the locality or school division.

SB 599 Virginia Electronic Communications Privacy Act; established, report.

Patron: Petersen

Summary as introduced:

Virginia Electronic Communications Privacy Act; report. Prohibits a state or local government agency from taking certain actions relating to access to electronic communication information from a service provider, access to electronic device information from any person other than the authorized possessor of the device, or access to electronic device information by means of physical interaction or electronic communication with the electronic device. Exceptions allow access to electronic communication information or access to electronic device information pursuant to a warrant or wiretap order or with the consent of the authorized possessor of the device. The measure establishes requirements for a warrant for electronic information. An agency that receives voluntarily-provided electronic communication information is required to destroy the information within 90 days unless, subject to certain exceptions. If an agency obtains electronic information pursuant to an emergency involving danger of death or serious physical injury to a person, that requires access to the electronic information without delay, it is required within three days to file an application for a warrant or order authorizing obtaining the electronic information or a motion seeking approval of the emergency disclosures. An agency that obtains electronic communication information is required to make an annual report to the Attorney General. The Attorney General's office is required to publish on its website the individual reports from each agency that requests or compels the production of contents or records pertaining to an electronic communication or location information and a summary of such information.

SB 611 Tort claim; notice of claim against the State, a transportation district, or locality.

Patron: Stanley

Summary as passed:

Notice of tort claim against the Commonwealth, transportation district, or locality; statute of limitations. Provides that the bar to a tort claim against the Commonwealth, a transportation district, or a locality for failure to file a written statement within one year, or within six months if the claim is against a locality, after the cause of action accrues does not apply where there was actual knowledge of the claim within one year by (i) for claims against the Commonwealth, the Division of Risk Management or any insurer or entity providing coverage or indemnification of the claim or the Attorney General; (ii) for claims against a transportation district, the chairman of the commission of such transportation district; or (iii) for claims against a locality, the attorney, chief executive, or mayor of such locality. The bill clarifies that actual knowledge of the claim includes the nature of the claim, the time and place at which the injury is alleged to have occurred, and, for claims against the Commonwealth or a transportation district, the agency or agencies alleged to be liable. The bill further provides that a claim against the Commonwealth or a transportation district is barred unless an action on the claim is commenced within 18 months of the filing of notice of such a claim, or within two years after the cause of action accrues.

SB 673 Virginia Erosion and Stormwater Management Act; consolidation of programs.

Patron: Hanger

Summary as passed Senate:

Virginia Erosion and Stormwater Management Act; consolidation of programs; opt-out for certain localities; penalties. Combines existing statutory programs relating to soil erosion and stormwater management, directing the State Water Control Board (the Board) to permit, regulate, and control both erosion and stormwater runoff. The bill requires any locality that operates a municipal separate storm sewer system (MS4) or a Virginia Stormwater Management Program (VSMP) to adopt a Virginia Erosion and Stormwater Management Program (VESMP) that regulates any land-disturbing activity that disturbs an area of 10,000 square feet or more, or 2,500 square feet or more if in a Chesapeake Bay Preservation Area. A locality that lacks an MS4 and for which the Department of Environmental Quality (DEQ) is currently administering a VSMP is required to (i) adopt such a VESMP, (ii) adopt such a VESMP with DEQ conducting plan review and making recommendations on the compliance of each plan with technical criteria, or (iii) continue to operate a separate Virginia Erosion and Sediment Control Program (VESCP) that regulates any disturbance of 10,000 square feet or more and, in a Preservation Area, regulates a disturbance of 2,500 square feet or more and meets certain other requirements. Any eligible locality that chooses the third option is to have a VSMP administered on its behalf by the Board for any land-disturbing activity that disturbs one acre or more of land, including an activity that disturbs a smaller area but is part of a larger development that results in a disturbance of one acre or more. Towns are afforded additional options in relation to the counties in which they are located. The bill directs certain charges or penalties to the Stormwater Local Assistance Fund, which provides matching grants to local governments for stormwater best management practices. Finally, the bill directs DEQ to evaluate fees related to the consolidated Virginia Erosion and Stormwater Management Program and directs the Board to adopt regulations to carry out the purposes of the bill, delaying the effective date of the bill until the later of July 1, 2017, or 30 days after the adoption of such regulations.

SB 751 Limited Residential Lodging and Short-term Rental Lodging Act; penalty.

Patron: DeSteph

Summary as introduced:

Limited Residential Lodging and Short-term Rental Lodging Act; penalty. Establishes the Limited Residential Lodging and Short-term Rental Lodging Act (the Act), which allows (i) property owners to rent out their homes or portions thereof for a charge for periods of less than 30 consecutive days or (ii) short-term rentals of residential or commercial units; both of which may be transacted through a hosting platform, under certain circumstances. The bill requires an operator of either limited residential lodging or short-term rental lodging to register with the Department of Taxation. The hosting platform may register with the Department of Taxation, in which case the hosting platform is responsible for the collection and remittance of all applicable taxes on behalf of the property owner. The bill provides for the amount of license tax on such operators. The bill provides that any local ordinance requiring the use of the special exception, special use, or conditional use permit for short-term rental lodging contain specific provisions relating to noise, trash or recycling collection, and the posting of emergency information.
