Dear *Call.Click.Connect.* User

A request was just created using *Call.Click.Connect.* The request ID is 96619.

Request Details:

- Name: Amita Sanghvi
- Approximate Address: No Address Specified
- Phone Number: 9193608047
- Email: aasanghvi@gmail.com
- Service Type: Mayor, Vice Mayor, City Council
- Request Description: 1. As a Potomac Yard community we would like you to know that we support no above ground option for the DVP power lines;

2. We appreciate that you have let the City manager and City Attorney use resources to fight the above ground option;

3. We are concerned that with either the CSX and, particularly, Potomac Avenue our community will be adversely affected;

4. We feel that the City fails to recognize in the resolution the strategic value of Potomac Yard for the City's future revenue growth;

5. We feel that the the resolution completely forgets about the Metro, the financing scheme relying on Potomac Yard for the payment of Bonds and the effect any above ground option could have on that;

6. We feel that given that this project will be implemented simultaneously with the Metro, using Potomac Avenue as an alternative is a bad idea and could further delay metro implementation;

7. However, if this is to go below ground in either CSX or Potomac Avenue, we demand that the City uses 100% of the resources obtained as payments from DVP for easements and mitigating actions in Potomac Yard. Among the things, we want these payments to be used to eliminate the special tax district.
