RE: Development Special Use Permit #2014-0035
Transportation Management Plan SUP #2015-0081
699 North Patrick Street - Ramsey Homes

Honorable Mayor Silberberg and Members of the City Council,

We are writing to you in respect to the request for approval of the Development Special Use Permit (DSUP) #2014-0035 and Transportation Management Plan SUP #2015-0081 for Ramsey Homes, a matter to be heard at the upcoming November 12th City Council Public Hearing. We wish to express our wholehearted support for the redevelopment proposal.

We have a profound love for our community, and social and family bonds, some going back several generations. We desire to remain and thrive in, as well contribute to, the City of Alexandria. We are workers, tax-payers, friends, voters and neighbors. We want what every parent and citizen of Alexandria wants: self-sufficiency, respect and opportunities for our children.

The redevelopment of Ramsey Homes will enable us to make important strides towards our objectives and allow us to continue being productive members of the Alexandria community. The current state of Ramsey Homes is an impediment to our advancement and productivity. This is not due to the inability of ARHA to manage and maintain the property but because of a lack of adequate federal, state and local funding for capital improvements as well as operations.

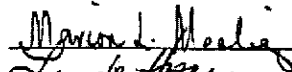

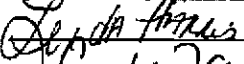

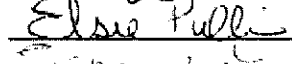

Despite the City's declared goals of preserving and developing affordable housing, in recent years the Braddock East community in which we live has become unaffordable to low- and moderate-income families. Redevelopment of Ramsey Homes will allow us to remain in the community and sustain essential social and family bonds. Furthermore, the creation of a new, healthy, mixed-income community will improve our quality of life, as well as benefit our neighbors and the larger Alexandria community.

For nearly two years, we have met with ARHA on a regular basis regarding this matter and are excited about finally seeing this project come to fruition. It is up to you as City leadership to take this last step and support the redevelopment of the Ramsey Homes on November 12th, 2016.

Thank you for your time and we look forward to hearing your decision.

Sincerely,

Residents of the Ramsey Homes Community
