HB 2130 Motor vehicles; motor fuel sales tax in certain transportation districts.

Patron: Levine

Summary as introduced:

Motor vehicle fuels sales tax in certain transportation districts. Provides that the tax that is imposed on the sales price of motor fuel in Northern Virginia shall be imposed on the regional price of gas, defined and computed as a six-month average price of fuel. The regional price has an initial floor of January 11, 2017. If a newly averaged regional price is higher than the preceding regional price, the tax is imposed on the new regional price, but if a newly averaged regional price is less than the preceding regional price, the higher of the two remains the regional price. If the regional price is at any time equal to or greater than the statewide average wholesale price of unleaded regular gasoline on February 20, 2013, then the tax is imposed on the regional price, which moving forward shall not be less than the statewide average wholesale price of unleaded regular gasoline on February 20, 2013, and shall not be more than a price of \$4 per gallon of unleaded regular gasoline. The bill also raises the rate of taxation of motor fuel in Northern Virginia from 2.1% to 3%.

The bill also changes the regional gas tax in Hampton Roads from a percentage to a cents-per-gallon tax that decreases as the price of gas increases. The regional gas tax in Hampton Roads would have a floor of \$0.05 per gallon and a ceiling of \$0.14 per gallon and would be determined on the basis of the average wholesale price of unleaded regular gasoline.

The division of halves shall continue until the required number of districts is achieved. The Commission is required to make adjustments to the resulting maps as may be necessary to achieve compliance with the requirements of the federal Voting Rights Act of 1965, as amended, and is authorized to make adjustments to the resulting maps so that district boundaries coincide with existing political boundaries and take into account geographic features.

Appointments to the 13-member Commission are to be made as follows: two each by the President pro tempore of the Senate, the Speaker of the House of Delegates, the minority leader in each house, and the state chairman of each of the two political parties receiving the most votes in the prior gubernatorial election. The 12 partisan members then select the thirteenth member by a majority vote or, if they cannot agree on a selection, certify the two names receiving the most votes to the Supreme Court of Virginia, which will name the thirteenth member. The standards to govern redistricting plans include the current constitutional standards on population equality, compactness, and contiguity and additional standards to minimize splits of localities and to prohibit consideration of incumbency and political data.
