Subject: RE: Parking Adjudication

The following is in response to the Vice Mayor's questions –

The opportunity to contest your ticket at the General District Court is a right granted by the state. We cannot eliminate the option; we can only offer an alternative.

In 2016, the most recent year in which court hearings have been scheduled, there were 616 hearings scheduled.

In 2013, the last year in which we had a Parking Adjudication Office, there were 441 court hearings scheduled.

Kendel,

When we had parking adjudication before, did we still have the path to GDC if you did not like the result of adjudicator?

I was kind of surprised that the proposal before us tomorrow night maintains the GDC hearing option.

The memo had the stats around how many people request review each week. How many tickets are heard by the GDC at this point?

Thanks.

Justin M. Wilson, Vice Mayor
Alexandria City Council
Office: 703.746.4500
