**Subject:** Docket Item 25/Resolution

Colleagues,

I'm going to suggest the addition of an additional WHEREAS clause in the healthcare resolution tonight. This probably belongs between the second and third WHEREAS.

Let me know if you have any questions. Thanks.

"WHEREAS, Medicaid revenues support services for our students within the Alexandria City Public Schools, providing \$2.5 million in 2016 and nearly \$2 million in 2017, as well as services to residents through the Department of Community and Human Services, providing \$2.4 million in 2016 and \$3.2 million in 2017; and"
