Re: Sept. 16, 2017 Public Hearing - Docket No. 18-6791 (City Code 2-5-11)

Thank you for considering this ordinance. This ordinance may seem as if it is purely a technical conforming item. It is not; it is an essential clarification to the City Code and should be enacted as promptly as possible.

At the time of the enactment of the original 2-5-11, entirely different State disclosure rules applied to City appointees. As a result of the enactment of changes to State legislation, two entirely different forms of disclosure report have been provided for by the State CIEA Council. Only the shorter annual form should be applicable to the appointees enumerated in subsection 2-5-11(a)(9). The prior language left that matter entirely unclear. This issue is highly material to what may approach 100 volunteer members of the enumerated City commissions and boards.

I note that City Code 2-5-11 continues to reflect a due-date of January 15 of each year. Code of Virginia 2.2-3115.A. specifies a due-date of February 1 of each year. The City might wish to indicate that its January 15 deadline is in advance of, and not in addition to, the State statutory deadline, so that appointees do not face (1) any arguable requirement to file the same disclosure statement twice, in rapid succession; nor (2) any implication that the City requires a different disclosure document than that required by the State. Any such duplicate requirement is expressly prohibited by Code of Virginia 2.2-3115.C, which declares that "No person shall be mandated to file any disclosure not otherwise required by this article."
