DEPARTMENT OF TRANSPORTATION
1401 EAST BROAD STREET
RICHMOND VIRGINIA 23219-2000

CHARLES A. KILPATRICK, P.E.
COMMISSIONER

June 22, 2017

To: Cities and Towns in the Urban System

Subject: Street Payments to Cities and Certain Towns under Section 33.2-319 of the Code of Virginia

In accordance with Section 33.2-319 of the *Code of Virginia*, the payment rates per lane mile for street payments have been updated for fiscal year 2017-2018 as follows:

Principal/Minor Arterial Roads \$ 21,061 per lane mile

Collector/Local Streets \$ 12,365 per lane mile

These rates will be applied to eligible lane mileage for each classification as of July 1, 2017. The attached inventory and mileage summary reflects any approved adjustments in lane mileage that your municipality submitted to the Department during the past year. These adjustments also include the functional reclassification per Julie Brown's email dated October 27, 2016. Affected localities were then notified individually of any adjustments to functional classification. While we have made every effort to ensure the accuracy of the inventory, we recommend that you check for omissions and errors, etc., and advise this office of any changes needed.

Payments have been approved by the Commonwealth Transportation Board and will be made at the end of each quarter of the fiscal year by Electronic Data Interface (EDI).

If you have questions or need additional information, please do not hesitate to contact me at (804) 225-4466. Thank you for your continued partnership.

Sincerely,

A handwritten signature in blue ink that reads "Sharon L. McGhee".
