ARTICLE VI. – SPECIAL AND OVERLAY ZONES

Sec. 6-600 - Mount Vernon Avenue urban overlay zone.

6-606 - Form based development.

The following system for new development within the overlay zone has been designed to supplement and substitute for the conventional zoning rules found in the CL zone in order to assure that new buildings and additions to existing buildings include the most desirable characteristics of Mount Vernon Avenue and are compatible with existing buildings in the area. Form based development provides an option for developers and property owners who choose to build pursuant to the following standards instead of the rules for development under the CL zone.

(E) *Standards and requirements for form based development.* An application for form based development SUP shall be reviewed for consistency and compliance with the following:

- (1) The standards for SUP approval in section 11-500.
- (2) Chapter 6 of the Mount Vernon Avenue Business Plan, as adopted as part of the Potomac West Small Area Plan, which includes the city's goals for the urban design and streetscape elements for buildings on Mount Vernon Avenue, and enumerates both general and specific elements for applicants to follow related to, without limitation, building height, setbacks, coverage, buffering, access and parking locations, facade treatment and articulation, scale and massing, and architecture.
- (3) The following specific rules regarding open space and parking based on the size and scope of development:
 - (a) *Tier 1: Lots of 7,000 square feet or less.*
 - (1) *Open space.* The undeveloped land resulting from the building coverage in chapter 6 of the Mt. Vernon Avenue Business Area Plan should be located, designed and planted so as to serve as an amenity for residents and users of the building.
 - (2) *Parking.* The parking requirements of Section 8-200 (a) shall not apply for land locked interior lots, ~~and may be reduced for~~ corner lots and lots with rear access ~~as part of the form based development SUP review process~~ **the provisions of Article VIII shall apply.**
 - (b) *Tier 2: Lots of 7,001—15,000 square feet.*
 - (1) *Open space.* A minimum of 15 percent of the lot area shall be provided in open and usable ground level open space. The provision of additional open space at ground level and in the form of roof tops, terraces or similar non-ground level open space is strongly encouraged.

- 1 (2) *Parking.* For residential uses, a minimum of one space for each dwelling
2 unit is required. **For office, restaurant, or specific commercial uses, the**
3 **provisions of article VIII shall apply.** For any other use, a minimum of
4 50 percent of the number of parking spaces otherwise required under
5 section 8-200 of this ordinance shall be provided, plus such additional
6 number as is feasible consistent with achieving the goals of chapter 6 of
7 the Mount Vernon Avenue Business Area Plan.

10 conjunction with the provision of low and moderate income housing as provided
11 in section 7-700, and required parking may be reduced or waived where alley or

19 despite the fact that the same parking spaces are used, dedicated or available for
20 other uses at other times.

34 **nearest corner of each lot containing the uses to the nearest lot line of the**
35 **property with the shared parking facility, provided there are no active**
36 **railroad tracks, interstate highways, or waterways located between the**
37 **parking facility and the uses using the parking facility.**

38 **(d) The shared parking is sufficient to meet the minimum amount required**
39 **for all uses, according to the following calculation:**

40 **(i) Determine the minimum parking requirements for each individual**
41 **use pursuant to Section 8-200(A).**

(ii) Multiply each amount by the corresponding percentages for each of the time periods set forth in the following table:

(b) If the requested increase exceeds five parking spaces, the special use permit applicant shall propose designs and plans for the conversion of excess parking spaces to public parking, storage, bike parking, additional use space, or some alternative purpose in the event the spaces are underutilized.

(c) City council, upon consideration of the special use permit application, finds that the proposed increase in parking will not have an adverse impact on the nearby neighborhood, and that the application otherwise complies with the standards for approval set forth in section 11-504.
