

Docket Item # 4
BAR CASE # 2018-00340

BAR Meeting
September 5, 2018

ISSUE: Partial demolition

APPLICANT: Old Town 1 LLC

LOCATION: 814 King Street

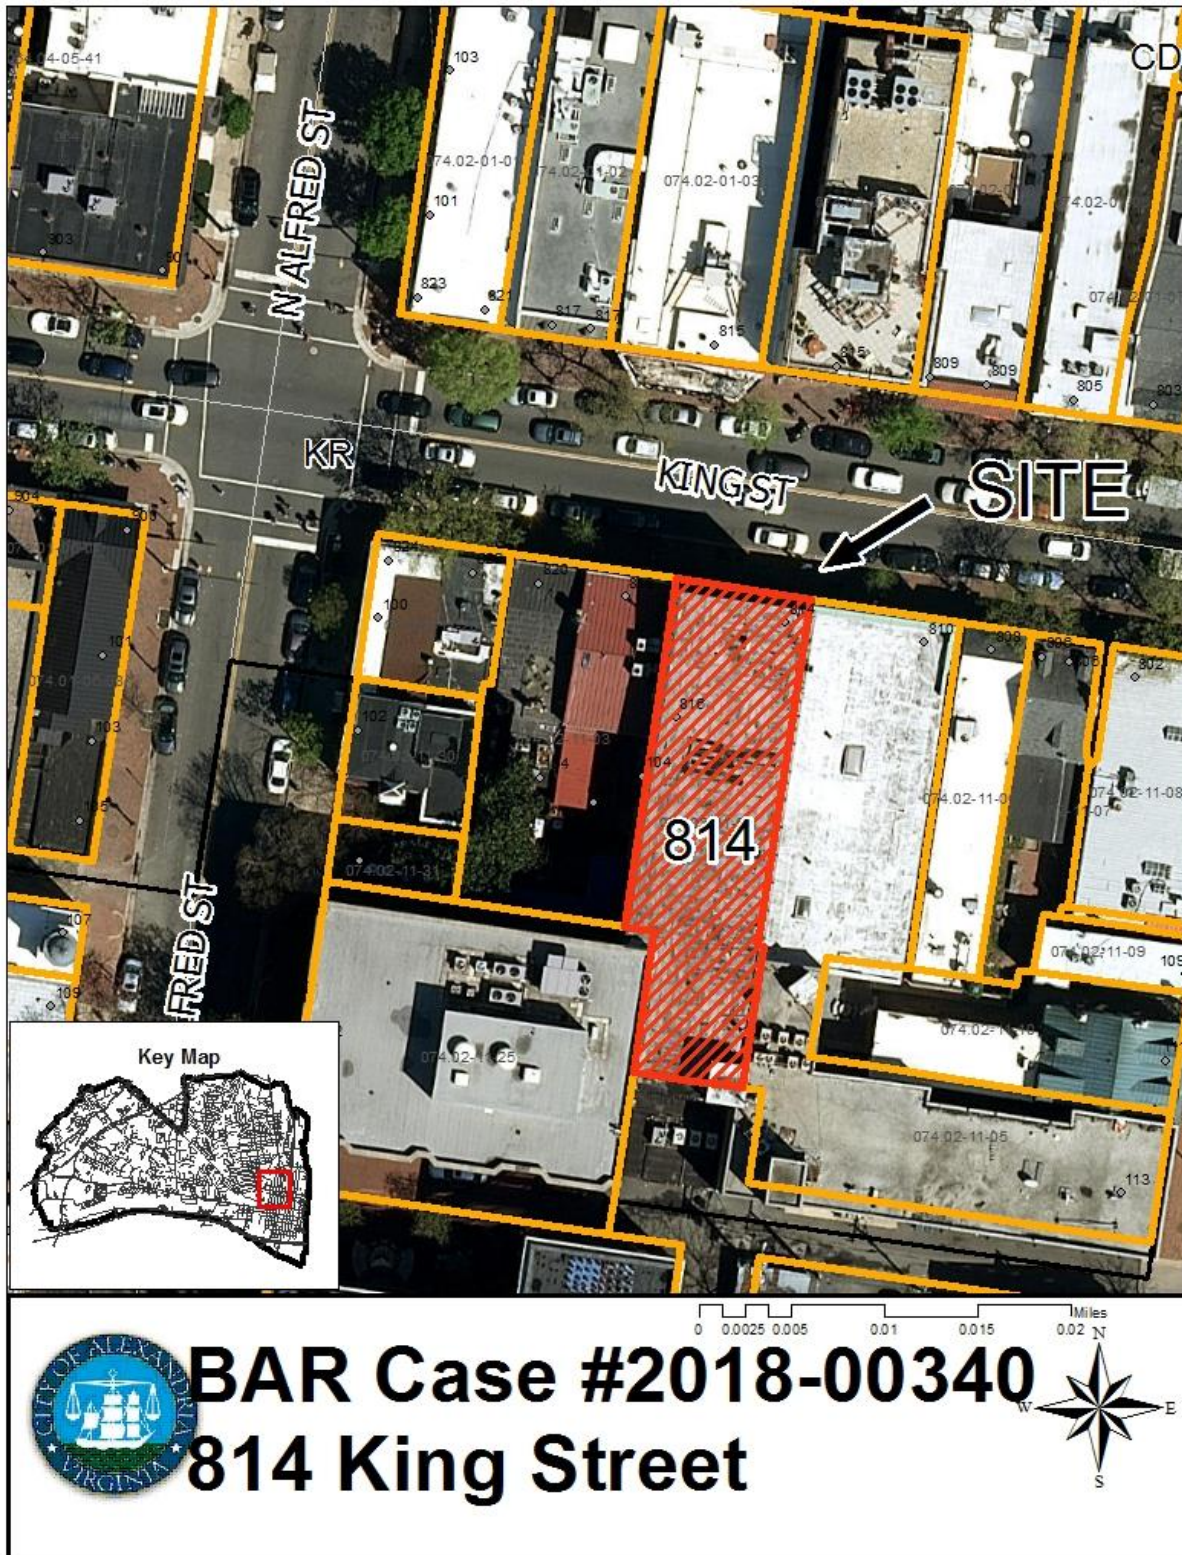

ZONE: KR / King Street urban retail

STAFF RECOMMENDATION:

Staff recommends approval as submitted.

GENERAL NOTES TO THE APPLICANT

1. **ISSUANCE OF CERTIFICATES OF APPROPRIATENESS AND PERMITS TO DEMOLISH:** Applicants must obtain a stamped copy of the Certificate of Appropriateness or Permit to Demolish PRIOR to applying for a building permit. Contact BAR Staff, Room 2100, City Hall, 703-746-3833, or preservation@alexandriava.gov for further information.
2. **APPEAL OF DECISION:** In accordance with the Zoning Ordinance, if the Board of Architectural Review denies or approves an application in whole or in part, the applicant or opponent may appeal the Board's decision to City Council on or before 14 days after the decision of the Board.
3. **COMPLIANCE WITH BAR POLICIES:** All materials must comply with the BAR's adopted policies unless otherwise specifically approved.
4. **BUILDING PERMITS:** Most projects approved by the Board of Architectural Review require the issuance of one or more construction permits by Building and Fire Code Administration (including signs). The applicant is responsible for obtaining all necessary construction permits after receiving Board of Architectural Review approval. Contact Code Administration, Room 4200, City Hall, 703-746-4200 for further information.
5. **EXPIRATION OF APPROVALS NOTE:** In accordance with Sections 10-106(B) and 10-206(B) of the Zoning Ordinance, any official Board of Architectural Review approval will expire 12 months from the date of issuance if the work is not commenced and diligently and substantially pursued by the end of that 12-month period.
6. **HISTORIC PROPERTY TAX CREDITS:** Applicants performing extensive, certified rehabilitations of historic properties may separately be eligible for state and/or federal tax credits. Consult with the Virginia Department of Historic Resources (VDHR) prior to initiating any work to determine whether the proposed project may qualify for such credits.

I. ISSUE

The applicant requests a Permit to Demolish to remove an existing brick chimney on the east elevation, amounting to approximately 125 square feet of demolition.

II. HISTORY

814 King Street is a four-story, three-bay commercial building constructed as a furniture store between **1912 and 1920**, according to the Sanborn Insurance maps. The east and west elevations have ghost signs identifying the building's prior use as a furniture store.

The Board approved alterations for 814 King Street in 1996 and 1997 (BAR Case #96-0013, 1/17/96; and Case BAR #97-0020, 2/19/97). The alterations changed out the fenestration of the building including doors and bay windows on the first floor. In 1998, the BAR approved an awning and signage (BAR Case #98-00018).

III. ANALYSIS

According to the Design Guidelines, "chimneys and flues are important functional elements of a building and provide visual variety to the roofline." Additionally, the Guidelines also recommend that "existing chimneys should be maintained *in situ* and not removed without a compelling reason and substantial justification."

In this case, the brick chimney appears to be a later addition and not integral to the overall design of the building or a character defining historic feature and appears to be located on the abutting neighbor's property. Staff has no objection to removal of this later element. It is structurally independent of the building and is not currently being used. Its removal will potentially improve the visibility of the historic painted wall sign that serves to recall the former use of this building.
