

# **Green Building Policy Update Task Force**

City Council  
September 11, 2018

# Green Building Policy Update

## Task Force Purpose

Provide feedback/guidance on Green Building Policy update including consideration of:

- Increasing LEED or equivalent certification standards for new development;
- Prioritizing specific green building elements;
- Incorporating incentives;
- Introducing standards for existing buildings and for small buildings not subject to site plan review;
- Instituting a building performance monitoring program; and
- Establishing a Green Zone in the City.
