Subject: for BAR recommendation - 110 Quay Street

To Whom It May Concern:

As residents of 109 Quay Street, my husband Michael and I support the renovation request of 110 Quay Street. As we have also replaced our front door and windows with BAR administrative approval, we agree that having a new door with more lighting enhances the beauty and characteristic of the homes.

We also support the canopy with glass above their entrance door as well as painting the existing brick to a suitable color. With other homes on the street painted, this would be a welcome attraction.

We hope the BAR will allow the Landino-Belote family to get the beauty that we have been afforded for many years.
