

Special Use Permit # 2019-0042
607 & 609 North Alfred Street
(Parcel Address: 607 North Alfred Street)

Application	General Data	
Public hearing and consideration of a request for parking reduction and lot modifications for the construction of two single-family dwellings.	Planning Commission Hearing:	September 3, 2019
	City Council Hearing:	September 14, 2019
Address: 607 and 609 North Alfred Street (parcel address: 607 North Alfred Street)	Zone:	RB/Townhouse
Applicant: Deyi Awadallah	Small Area Plan:	Braddock Road Metro Station

Staff Recommendation: APPROVAL subject to compliance with all applicable codes and ordinances and the recommended permit conditions found in Section III of this report.

Staff Reviewers: Mary Christesen, mary.christesen@alexandriava.gov
Ann Horowitz, ann.horowitz@alexandriava.gov
Sam Shelby, sam.shelby@alexandriava.gov

PLANNING COMMISSION ACTION, SEPTEMBER 3, 2019: On a motion by Vice Chair Wasowski, seconded by Commissioner Lyle, the Planning Commission voted to recommend approval of Special Use Permit #2019-0042, as submitted. The motion carried on a vote of 7-0.

Special Use Permit #2019-0042
607 & 609 North Alfred Street (Parcel
Address: 607 North Alfred Street)

0 15 30 60 Feet

PROJECT LOCATION MAP

I. DISCUSSION

The applicant, Deyi Awadallah, requests special use permit (SUP) approval for parking reductions and open space modifications for the construction of two abutting single-family dwellings on two lots.

SITE DESCRIPTION

The subject properties are two identically dimensioned lots of record. Each rectangular lot, located on the east side of the street, has approximately 22.00 feet of frontage on North Alfred Street, a depth of 87.00 feet and a lot area of 1,914 square feet. Both lots are currently vacant. An alley, which runs parallel to North Alfred Street behind the subject properties, connects Wythe Street to Pendleton Street.

A mix of single and two-family and townhouse dwellings surround the subject properties. To the south are two detached single-family dwellings and to the north is a two-family semi-detached dwelling. A market and grandfathered carryout restaurant sit behind the subject properties and have frontage on Pendleton Street. A one-story garage/storage structure is also located across the alley behind the subject properties.

Fig. 1: Photo of subject properties

BACKGROUND

Deed information and subdivision records show that the subject properties at 607 and 609 North Alfred Street (Lots 31 and 30 respectively) were created by subdivision in 1923 and have continued to exist as two separate lots on one recorded deed. Historical zoning maps indicate the lots were zoned RM in 1951, then rezoned to RB on March 19, 1963. The lots have remained RB since that time. It appears these two lots have never been developed. Because the lots were recorded prior to December 28, 1951 they are eligible to be developed with single-family dwellings at their current lot size.

PROPOSAL

The applicant, Deyi Awadallah., requests Special Use Permit approval for a one-space parking reduction and an open space modification on each of two lots for the construction of two, identical, detached single family dwellings; one at 607 North Alfred Street and one at 609 North Alfred Street. The applicant proposes parking for one vehicle on each lot, as opposed to the

zoning requirement for two parking spaces for each dwelling unit. Each lot can accommodate only one standard parking space due to the turning radius constraints caused by the varying width of the adjacent alley to the rear, which provides access to these lots.

Fig. 2: Proposed elevations

The applicant also proposes 644 square feet of open space for each lot and requests 156 square foot modifications from the RB zone's 800 square foot open space requirement. The applicant requests the modification to provide an adequate footprint for a marketable single-family dwelling with off-street parking on each lot. The gross square footage for each proposed home is 3,283.2 square feet, which includes 820.8 square feet each for the basement and attic levels.

The final design of the dwellings will be reviewed by the Board of Architectural Review to ensure compatibility of the new dwellings with Parker-Gray Historic District.

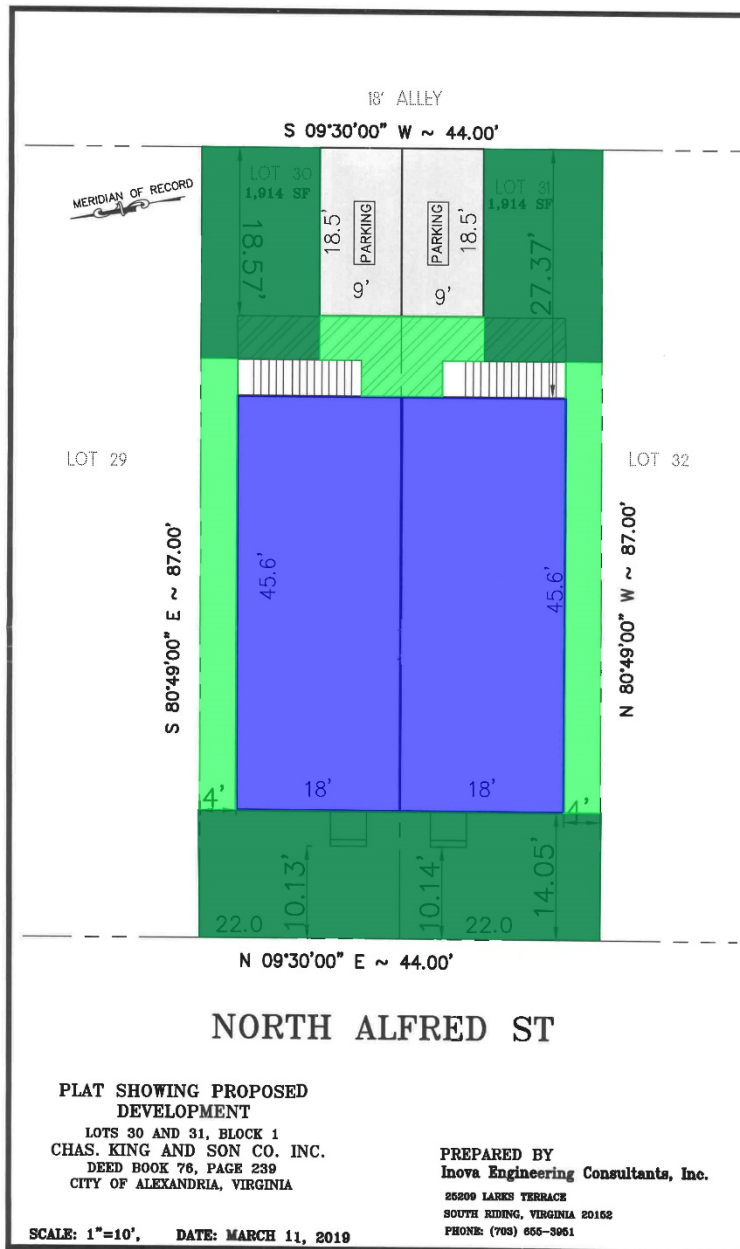

Fig. 3: Proposed site plan.

Blue = footprints of proposed dwellings.

Dark green = 644 sq. ft. of open and usable space for each lot.

Light green = Approximately 261 additional sq. ft. of open space for each lot that cannot be included in open space calculations, in accordance with Section 2-180 of the Zoning Ordinance.

PARKING

According to Section 8-200(A)(1) of the Zoning Ordinance, a single-family detached home is required to provide two off-street parking spaces. Section 8-100(A)(4) allows reductions of the parking requirement by Special Use Permit approval. Each proposed dwelling would provide one off-street parking space.

ZONING

The subject properties are located in the RB zone which permits single-family dwellings pursuant to Section 3-702(A) of the Zoning Ordinance. The lots were created by subdivision in 1923 and have continued to exist as two separate lots on one recorded deed since that time. Although these lots are substandard as to lot size, width and frontage, they may be developed with single-family dwellings at their current lot size because they were recorded prior to December 28, 1951 and are grandfathered according to section 3-707(B).

Section 3-706(B) of the Zoning Ordinance requires each lot occupied by a dwelling unit to provide 800 square feet of open and usable space. The applicant proposes to provide 644 square feet of open space on each lot, a reduction of 156 square feet. The open space reduction is necessary so the applicant can provide at least one off-street parking space.

The lots are located within the Parker-Gray Historic District and any new construction, exterior alterations visible from a public way, or exterior demolition, regardless of visibility, require approval by the Board of Architectural Review (BAR).

Table 1: Compliance with the RB Zone requirements

	Requirement	Proposal for each lot
Lot Size	1,980 SF	1,1914 SF*
Lot Width	50' Min.	22.00'*
Lot Frontage	50' Min.	22.00'*
Front Yard Setback	0' or as approved by the BAR	14.05'***
Side Yard Setback	0', not required	0', not required
Rear Yard Setback	11.30' (Ratio of 1:1 with a minimum of 8' and one-half width of alley consideration***)	27.37'
Open Space	800 Sq. Ft.	644 Sq. Ft.
Building Height	45'	24.5'
FAR	1,435.50 SF (.75)	1,391 (.73)

**Complies with the Zoning Ordinance requirements as stated in Section 3-707(B).*

*** Board of Architectural Review (BAR) will review and approve a front setback consistent with the character of the district.*

****Section 7-1003 states that whenever any public or private alley occurs in any zone, one-half of the width of such alley shall be considered in the determination of the rear yard setback ratio requirement of any lot abutting on such alley.*

MASTER PLAN DESIGNATION

The properties are located within the Braddock Road Metro Station Small Area Plan that designates the property for residential use. The proposed residential use of the properties would also be consistent with the Braddock Road Metro Neighborhood Plan and the Braddock East Master Plan.

II. STAFF ANALYSIS

Staff supports the applicant's request for a one-space parking reduction and for an open space modification for each of the proposed single-family dwellings. The applicant's proposal, construction of single-family dwellings on currently vacant lots, would strengthen the residential character of the existing neighborhood without adding negative impacts.

Parking reduction

Staff finds that providing the two required off-street parking spaces would be challenging due to the limited vehicular turning radius that would be allowed by the narrow width of both the subject properties and alley to the rear. Further, the applicant would be able to provide more open space with one off-street parking space. The addition of a second off-street parking space would eliminate any open space in the subject properties' rear yards. The subject properties are well served by public transportation options and are located near many retail and service establishments. Many daily errands would not require a car. These factors could lessen future homeowners' dependency on car travel.

Open space modification

Staff also supports the applicant's request for open space modifications to allow each lot to provide 644 square feet of open space, 156 square feet below the 800 square feet required by the RB zone. Most other zones within Old Town establish open space requirements proportionate to a subject property's lot size. For example, the RM zone requires 35 percent of a residential lot to be open space. The RB zone requires 800 square feet of open space regardless of lot size. Based on the subject properties' lot size of 1,914 square feet each, the 800 square foot requirement translates roughly to a 42 percent open space requirement. The applicant proposes 644 square feet of open space which translates to 34 percent of the lot area, similar to the ratio in the RM zone.

Additionally, each lot provides a four-foot side yard for the entire length of the dwelling. This area (198 square feet), plus other areas in the rear yard (63 square feet), account for a total of 261 square feet, which cannot be counted as open space. These areas measure less than eight by eight feet and do not meet the definition of open space. If this substandard open space were included, a total of 905 square feet of open space would be provided and no modification would be required.

Staff also recognizes that the size of the proposed single-family homes, with gross above-ground living space of 1,641.60 square feet and 820.80 square foot building footprints, is not overly large or visually disproportionate to the lot size, particularly when compared with other homes on the block.

Staff has included conditions to ensure that a minimum of 644 square feet of open space is maintained on each lot. The proposed footprint of the dwellings must remain consistent with this applicant's proposal, as required in Condition #1. Condition #2 mandates that each lot contains no less than 644 square feet of open space.

Tree preservation

There are currently no trees on the site. The proposed lots will be required to provide a 25% tree coverage canopy, which will be reviewed during the grading plan process. Staff has included Condition #3 to require 25% tree canopy coverage.

Conclusion

Staff supports the applicant's request for parking reductions and open space modifications which are necessary for the proposed development of two single-family homes at 607 and 609 North Alfred Street. Staff believes the applicant proposes a reasonable plan to develop two neighborhood compatible and marketable homes on substandard lots in a way that limits neighborhood impacts.

Subject to the conditions contained in Section III of this report, staff recommends approval of the Special Use Permit request.

III. RECOMMENDED CONDITIONS

Staff recommends **approval** subject to compliance with all applicable codes and ordinances and the following conditions:

1. The footprint of the dwellings shall be substantially consistent with the illustrations submitted on July 19, 2019. (P&Z)
2. Open space shall be maintained at no less than 644 square feet for each lot at 607 and 609 North Alfred Street. (P&Z)
3. A minimum 25 percent tree canopy coverage shall be provided and maintained, consistent with the City of Alexandria Landscape Guidelines. (P&Z)
4. Design the parking spaces so it is clear where the property ends to ensure vehicles do not encroach into the public alley. (T&ES)
5. Applicant shall be responsible for repairs to the adjacent City right-of-way if damaged during construction activity. (T&ES)
6. No permanent structure may be constructed over any existing private and/or public utility easements. It is the responsibility of the applicant to identify any and all existing easements on the plan. (T&ES)

STAFF: Tony LaColla, AICP, Division Chief, Land Use Services
Mary Christesen, Zoning Manager
Ann Horowitz, Principal Planner
Sam Shelby, Urban Planner

Staff Note: In accordance with section 11-506(c) of the zoning ordinance, construction or operation shall be commenced and diligently and substantially pursued within 18 months of the date of granting of a special use permit by City Council or the special use permit shall become void.

IV. CITY DEPARTMENT COMMENTS

Legend: C - code requirement R - recommendation S - suggestion F - finding

Transportation & Environmental Services:

- F-1 Traffic, OEQ and storm have no comments.
- F-2 Staff supports the requested parking reduction from two spaces per unit to one space per unit. This is consistent with other approvals for townhouses in the neighborhood and the street frontage for this property is wide enough for two on-street spaces. Additionally, the reduction accommodates additional open space in the neighborhood. (T&ES/ Transportation Planning)
- R-1 Design the parking spaces so it is clear where the property ends to ensure vehicles do not encroach into the public alley. (T&ES/ Transportation Planning)
- R-2 Applicant shall be responsible for repairs to the adjacent City right-of-way if damaged during construction activity. (T&ES/ D- ROW)
- R-3 No permanent structure may be constructed over any existing private and/or public utility easements. It is the responsibility of the applicant to identify any and all existing easements on the plan. (T&ES/ D- ROW)
- C-1 A GRADING PLAN showing all improvements and alterations to the site shall be required prior to any land disturbing activities and must be approved prior to issuance of a building permit. (5-6-224) (T&ES/ D- ROW)
- C-2 New curb cuts require separate approval from the City. (Sec. 5-2-14) (T&ES/ D- ROW)
- C-3 An erosion and sediment control plan must be approved by T&ES prior to any land disturbing activity greater than 2500 square feet subject to the Exceptions described in Section 5-4-5. An erosion and sediment control bond shall be posted prior to release of the grading plan. (Sec.5-4-1.1) (T&ES/ D- ROW)
- C-4 The applicant shall comply with the provisions of Article XIII Environmental Management Ordinance of the City of Alexandria. (T&ES/ D- ROW)
- C-5 All improvements to the City right-of-way such as curbing, sidewalk, driveway aprons, etc. must be City standard design. (Sec.5-2-1) (T&ES/ D- ROW)
- C-6 Flow from downspouts, foundation drains, and sump pumps shall be discharged to the storm sewer per the requirements of Memorandum to Industry 05-14 that is available on the City of Alexandria's web site. The downspouts and sump pump discharges shall be piped to the storm sewer outfall, where applicable per the requirements of Article XIII of Alexandria Zoning Ordinance (AZO). Where storm sewer is not available applicant must provide a design to mitigate impact of stormwater drainage onto adjacent properties

and to the satisfaction of the Director of Transportation & Environmental Services.
(Sec.5-6-224)

- C-7 All secondary utilities serving this site shall be placed underground. (Sec. 5-3-3) (T&ES/ D- ROW)
- C-8 Pay sanitary sewer connection fee prior to release of Grading Plan. (Sec. 5-6-25) (T&ES/ D- ROW)
- C-9 Any work within the right-of-way requires a separate permit from T&ES. (Sec. 5-361) (T&ES/ D- ROW)
- C-10 The applicant shall comply with the City of Alexandria's Noise Control Code, Title 11, Chapter 5, which sets the maximum permissible noise level as measured at the property line. (T&ES/ D- ROW)
- C-11 The applicant shall comply with the City of Alexandria's Solid Waste Control, Title 5, Chapter 1, which sets forth the requirements for the recycling of materials (Sec. 5-1-99). In order to comply with this code requirement, the applicant shall provide a completed Recycling Implementation Plan (RIP) Form within 60 days of SUP approval. Contact the City's Recycling Program Coordinator at (703) 746-4410, or via e-mail at commercialrecycling@alexandriava.gov, for information about completing this form. (T&ES/ D- ROW)

Code Enforcement:

- C-1 A building permit, plan review and inspections are required prior to the start of construction.

N/A

- 12.** What methods are proposed to ensure the safety of nearby residents, employees and patrons?

N/A

ALCOHOL SALES

13.

- A. Will the proposed use include the sale of beer, wine, or mixed drinks?

☐ Yes

☒ No

If yes, describe existing (if applicable) and proposed alcohol sales below, including if the ABC license will include on-premises and/or off-premises sales.

N/A

PARKING AND ACCESS REQUIREMENTS

14. A. How many parking spaces of each type are provided for the proposed use:

2 Standard spaces
 _____ Compact spaces
 _____ Handicapped accessible spaces.
 _____ Other.

Planning and Zoning Staff Only

Required number of spaces for use per Zoning Ordinance Section 8-200A _____

Does the application meet the requirement?

☐ Yes ☐ No

- B. Where is required parking located? (check one)

☒ on-site
☐ off-site

If the required parking will be located off-site, where will it be located?

N/A

PLEASE NOTE: Pursuant to Section 8-200 (C) of the Zoning Ordinance, commercial and industrial uses may provide off-site parking within 500 feet of the proposed use, provided that the off-site parking is located on land zoned for commercial or industrial uses. All other uses must provide parking on-site, except that off-street parking may be provided within 300 feet of the use with a special use permit.

- C. If a reduction in the required parking is requested, pursuant to Section 8-100 (A) (4) or (5) of the Zoning Ordinance, complete the PARKING REDUCTION SUPPLEMENTAL APPLICATION.

☒ Parking reduction requested; see attached supplemental form

15. Please provide information regarding loading and unloading facilities for the use:

- A. How many loading spaces are available for the use? N/A

Planning and Zoning Staff Only

Required number of loading spaces for use per Zoning Ordinance Section 8-200 _____

Does the application meet the requirement?

☐ Yes ☐ No

B. Where are off-street loading facilities located? _____

N/A

C. During what hours of the day do you expect loading/unloading operations to occur?

N/A

D. How frequently are loading/unloading operations expected to occur, per day or per week, as appropriate?

N/A

16. Is street access to the subject property adequate or are any street improvements, such as a new turning lane, necessary to minimize impacts on traffic flow?

Yes its adequate, the properties abut an 18-foot wide alley to the rear

SITE CHARACTERISTICS

17. Will the proposed uses be located in an existing building? ☐ Yes ☒ No

Do you propose to construct an addition to the building? N/A ☐ Yes ☐ No

How large will the addition be? N/A square feet.

18. What will the total area occupied by the proposed use be?

0 sq. ft. (existing) + 3067.20 sq. ft. (addition if any) = 6134.9 sq. ft. (total)
per dwelling

19. The proposed use is located in: (check one)

☐ a stand alone building

☒ a house located in a residential zone

☐ a warehouse

☐ a shopping center. Please provide name of the center: _____

☐ an office building. Please provide name of the building: _____

☐ other. Please describe: _____

End of Application

APPLICATION - SUPPLEMENTAL

PARKING REDUCTION

Supplemental information to be completed by applicants requesting special use permit approval of a reduction in the required parking pursuant to section 8-100(A)(4) or (5).

1. Describe the requested parking reduction. (e.g. number of spaces, stacked parking, size, off-site location)

requesting that the parking requirement of each house to be reduced from two parking spaces to one space. Proposing to provide one standard-size parking space per dwelling

2. Provide a statement of justification for the proposed parking reduction.

Parking reduction is necessary to provide more open space

3. Why is it not feasible to provide the required parking?

Its not feasible to provide both the required off street parking spaces and the required 800 square feet of open space for each dwelling

4. Will the proposed reduction reduce the number of available parking spaces below the number of existing parking spaces?

____ Yes. ☒ No.

5. If the requested reduction is for more than five parking spaces, the applicant must submit a **Parking Management Plan** which identifies the location and number of parking spaces both on-site and off-site, the availability of on-street parking, any proposed methods of mitigating negative affects of the parking reduction.

6. The applicant must also demonstrate that the reduction in parking will not have a negative impact on the surrounding neighborhood.

D1. 1,281.40 Sq. Ft.
Total Floor Area (add B3 and C3)

D2. 1,435.50 Sq. Ft.
Total Floor Area Allowed
by Zone (A2)

E. Open Space

E1. 1,914.00 Sq. Ft.
Existing Open Space

E2. 800.00 Sq. Ft.
Required Open Space

E3. 725.40 Sq. Ft.
Proposed Open Space

Notes

*Gross floor area is the sum of all areas under roof of a lot, measured from the face of exterior walls, including basements, garages, sheds, gazebos, guest buildings and other accessory buildings.

** Refer to the Zoning Ordinance (Section 2-145(B)) and consult with Zoning Staff for information regarding allowable exclusions. Sections may also be required for some exclusions.

***Lavatories may be excluded up to a maximum of 50 square feet, per lavatory. The maximum total of excludable area for lavatories shall be no greater than 10% of gross floor area.

The undersigned hereby certifies and attests that, to the best of his/her knowledge, the above computations are true and correct.
