**Subject:** Docket Item 25

Colleagues,

While we are just introducing the micromobility ordinance tomorrow night, and not taking final action, I'm going to suggest the following amendments to the proposed ordinance:

On Page 9, line 2:

Remove the language "or micromobility device"

On Page 9, lines 9-12:

Remove the language after "shall be prohibited," so that line 9 now reads "Riding a micromobility device on the sidewalk shall be prohibited."

On Page 9, lines 13 & 14:

Delete both lines.

Let me know if you have any questions.
