

ENC #2020-00003
1217 Colonial Avenue
Encroachment

City Council
September 12, 2020

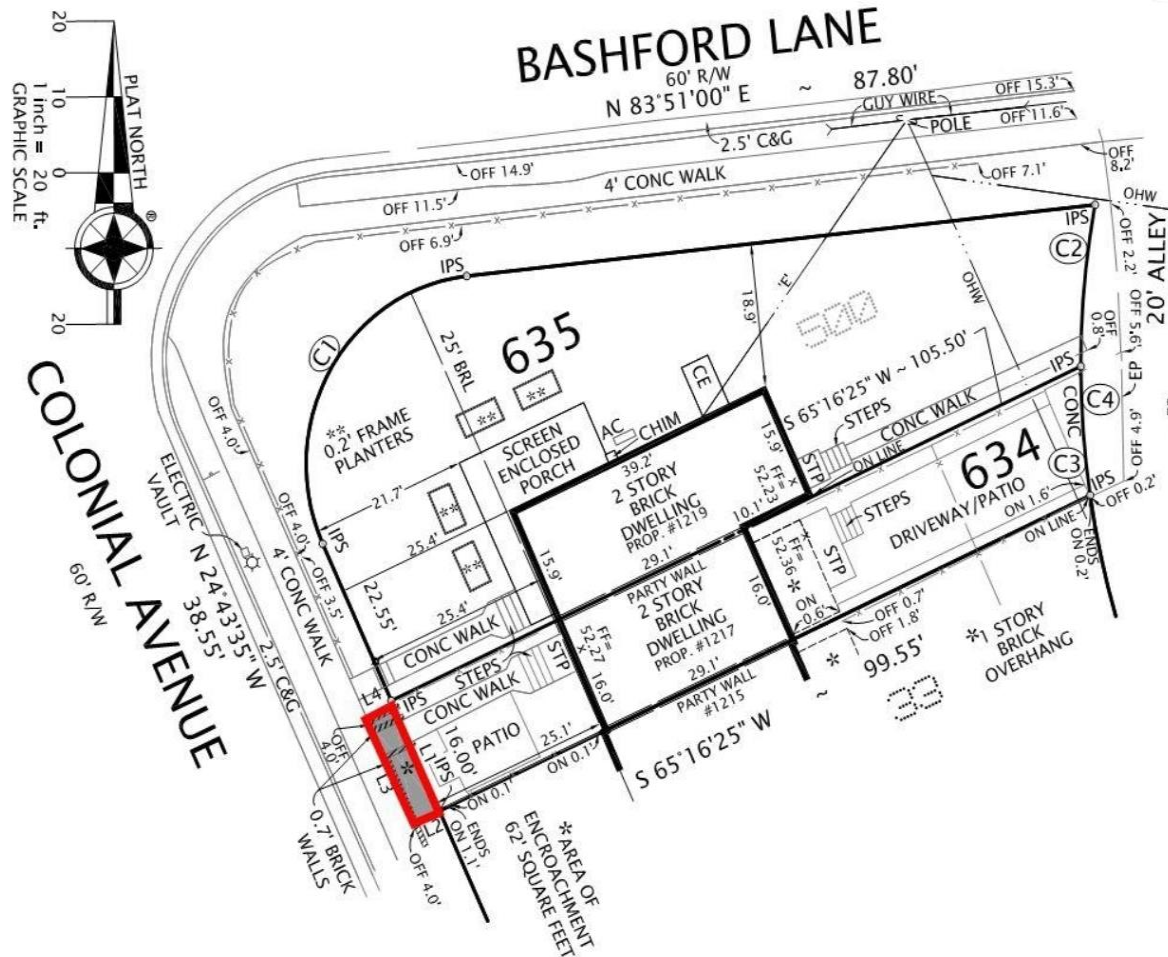

Site Context

- Surrounded by townhouse dwellings
- Zoned RB/Residential Townhouse

Proposal

Request for encroachment of 62 square feet of public right-of-way for brick retaining wall

Encroachment vs. Vacation

- Staff found encroachment to be appropriate for applicant's request because:
 - A vacation would create an irregular street line along the block as no other properties have sought vacation approval
 - A vacation would establish the applicant's property line right along the edge of the sidewalk. This would inhibit future sidewalk repairs and improvements.

Planning Commission
recommends **approval**
