**STATEMENT FOR APPEAL PETITION**

**BAR 2020-00197**

**Heritage at Old Town**

On September 2, 2020, the Board of Architectural Review granted a permit to demolish four existing buildings in and near the Old & Historic District. The Board failed to address whether or not the retention of the buildings would help preserve and protect an historic place or area of historic interest in the city, one of the criteria which must be met in order to permit a demolition. The buildings to be demolished may have historic significance as representative of the urban renewal era of affordable housing. They merit more historic research to determine their historic value to the community at large. The Board also failed to take into consideration the feasibility that retention of the buildings would make the city a more attractive and desirable place in which to live, a criteria which must also be met in order to grant a permit to demolish.

We, the undersigned owners of real estate within the Old and Historic Alexandria District/Parker-Gray District [strike out as appropriate] appeal the decision of the Board of Architectural Review to the Alexandria City Council in B.A.R. Case #2020-00187 regarding the property at
