## Interests & Experiences

### Statement of Interest/Why You Should Be Appointed

I believe we need to embrace our community and help those around us. It takes our entire community to support those around us and help find the right paths through life. Just like in the military, if we can offer "remedial training" of sorts rather than incarceration, and stand with our fellow citizens, we will all benefit from the support. I would love the opportunity to serve my community and help others find better paths as they navigate life. I believe in second chances. I would be a good addition to the board given my military background and experiences, my ability to assess programs and find substantive improvements based on qualitative metrics, and my willingness and desire to serve alongside members of my community. I also have a passion to make communities, communities again, where we know our neighbors, our law enforcement members, and our community leaders and we engage in dialog and create the desired change we need.

Military reservist of 19(+) years as a rotary wing aviator and intelligence officer (LTC in the Army Guard). Additionally I have managed decisions for units based on their member's activities and behaviors and provided support for remedial training and plans for remediation and a return to full status. Lastly for the military, I have also designed, stood up, and ran multiple programs and teams responsible for mission critical results and assessing those results. I am a Lean Six Sigma Master Black Belt responsible for assessing program outcomes and providing key assistance to improve results. For my current clients (Director at a consulting firm) I assist in finding and driving cost productivity through optimization of an organization's operational design and scale, business process improvement, global talent strategy, technology and procurement optimization, and real estate rationalization. I provide both strategic and tactical support in integration planning, program management, transition governance, business strategy, and execution planning support. Previously I worked for the Department of Defense as a senior executive where I advised the Secretary of the Navy (as his Chief of Staff) and worked across the national security arena to shape policies, programs, and outcomes to advance key priorities. In this role, I provided insights and support on personnel decisions which affected the health of the force. I believe these experiences will allow me to contribute meaningfully to the community criminal justice board. Thank you for the opportunity to apply.

## Interests & Experiences

Statement of Interest/Why You Should Be Appointed

As a new member of the community and area, I am looking to do my part and be involved in the community. What draws me to this committee, is actually my lack of knowledge or experience in this specific field. I wanted to explore something that is new to me, so that I can become a more well-rounded citizen. As per the description of this committee, I feel passionate about redefining and aiding in the assistance of reformation to those who have found themselves subject to the courts. Two members of my immediate family, and one of my extended family members have been/are serving time in the jail and prison systems, so I have experience in witnessing the process and its short-comings, successes, follow-up, etc. I would love to provide a fresh set of eyes and a new mind to such a crucial community agenda.

## Interests & Experiences

Statement of Interest/Why You Should Be Appointed

I am a white-collar litigation and investigations attorney, practicing at a large national law firm in Washington. I am also an inveterate and passionate citizen and champion of Virginia, having spent most of my life in the Commonwealth. Other than brief periods living in New York and Washington after school, Virginia has been home including through college in Williamsburg and law school in Charlottesville. I have been resident in Old Town since spring 2015. The relevance of that brief biography is to emphasize the origin of zealous pride and affection for our community and Commonwealth. Through the lens of ten years as a defense attorney, I have also seen first-hand the impact of the criminal justice system on individuals, families, and communities. This is true in all facets, from policing, through adjudication, incarceration when required, and rehabilitation. The strength of neighborhoods and cities can literally rise and fall by virtue of the health, reach, and effectiveness of its criminal justice programs, services, and facilities. For its part, Alexandria has remained a vibrant, diverse, and inclusive community despite unprecedented challenges and turmoil on the national stage. I hope to see that success continued enduringly. I am interested in offering my unique qualifications, perspective, and enthusiasm on the Community Criminal Justice Board as a citizen member in order to do my part in ensuring and enhancing that continued success.
