Interests & Experiences

Statement of Interest/Why You Should Be Appointed

I was appointed to the Alexandria Renew Board of Directors in early 2016 to fill a vacancy and reappointed for a full term in 2017. I presently serve as Vice Chair, and am also chair of the Board's Governance committee. I am reapplying for a full term. I have enjoyed serving the citizens of the City and hope to continue to bring my professional experience to the Board. During my time on the Board we initiated the River Renew program and I look forward to working with the Board, Alexandria Renew staff, and the City as we to complete this program. I have over thirty five years experience in consulting civil engineering, managing and designing public and private infrastructure projects (including storm and sanitary sewers, water systems, pump stations, and wastewater treatment plants); design build delivery; security and force protection projects; and facilities management. My experience in the past ten years includes projects for the Virginia Department of Transportation, DC Water, and the Department of Defense at Fort Belvoir. In my present position at Fairfax County I lead a team of five professionals, managing design consultants and contractors on multiple transportation projects. I have a B.S.C.E degree from Rice University, and am a registered professional engineer in Virginia. I am a member of the American Society of Civil Engineers (past President of the Bull Run Branch) and the Design Build Industry Association. My wife and I have lived in Del Ray, Alexandria, for thirty years. I have served multiple terms on the Session (church board) of the Presbyterian Meeting House in Old Town Alexandria.

Statement of Interest/Why You Should Be Appointed

I'm interested in this position because I want to get involved in the community. I've seen a handful of notices about open positions and decided it was time to reach out and see if I could be of service. I'm very interested in infrastructure in general but am the type of person who wants to understand thoroughly how it works and relates to our day to day lives. I think I would be a strong appointment to this position because I'm somebody who would take this role very seriously and devote a lot of free time to fully understanding the scope of what this committee does, and becoming a vital part of it.
