Statement of Interest/Why You Should Be Appointed

I love the this city and would delight greatly in helping to maintain and preserve its beauty! I have a passion for plants, gardening, creating, learning, and "beautifying"; and I'd love to serve our community in this way. I worked for an interior design firm through college and my father has been a home builder for 25 years so I've been submerged in the arts most of my life. In my past time, I love walking the streets of old town meeting neighbors, visiting Mount Vernon with my husband and dog, Jones, and reading and learning about great gardeners (my favorite being Bunny Mellon.) As a Louisiana born girl who moved up to Virginia with my husband, Mason, I've been so touched and blessed by the beauty of this town, and I'd like to give back to what it's given to me! It's made me feel so at home, while being so far away from home, and I know we will be here for a very long time to come!

解: (1) 由题设知, 函数 $f(x)$ 在 $x=0$ 处可导, 且 $f'(0)=1$, 故 $f(x)$ 在 $x=0$ 处连续, 即 $\lim_{x \rightarrow 0} f(x) = f(0) = 0$.
 又 $f(x)$ 在 $x=0$ 处可导, 故 $\lim_{x \rightarrow 0} \frac{f(x)-f(0)}{x-0} = f'(0) = 1$, 即 $\lim_{x \rightarrow 0} \frac{f(x)}{x} = 1$.
 所以 $\lim_{x \rightarrow 0} \frac{f(x)}{x} = 1$.
 (2) 由题设知, 函数 $f(x)$ 在 $x=0$ 处可导, 且 $f'(0)=1$, 故 $f(x)$ 在 $x=0$ 处连续, 即 $\lim_{x \rightarrow 0} f(x) = f(0) = 0$.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

With the utmost enthusiasm, I would like to express my interest in serving on the Alexandria Planning Commission or Alexandria Beautification Commission. I believe that my passion for government, strong commitment to civic engagement, and interest in area planning, zoning, and code regulation make me an ideal candidate to serve on either committee. As a legislative aide for the Tulsa City Council, I worked closely with the Tulsa Metropolitan Area Planning Commission (TMAPC), Tulsa Planning Office at INCOG, and various commissions. I organized, planned, and executed town halls for multiple overlays, zoning ordinances, and serves as a liaison to multiple planning commissions. I am passionate about Alexandria and I would both welcome and appreciate the opportunity to serve.

As an engineer it seems like it's difficult to find things in the community where I can contribute while using my skills and abilities. I've thought about math tutoring, but I've never had children and I'm not sure I'd be good at teaching younger kids. But also I'd like to be able to help shape the community in a logical, fair way that allows for changes but balancing the impact on the surrounding community members.

Statement of Interest/Why You Should Be Appointed

I have worked in construction since the age of 14 across a variety of different industries. I started as a laborer, and worked my way up to be a master electrician before I moved into engineering and quality control. I currently work as a project coordinator and electrical subject matter expert with the Department of State Overseas Building Operations. I have always enjoyed the work of reading through codes and ensuring quality and compliance to specifications but I have never been able to serve on a city board because my time spent in the United States Navy required such frequent travel. Now that I have been honorably discharged and purchased my first home in the city I have always wanted to live in, I feel that the best way for me to serve the community is by contributing on a board for building codes and appeals.

Interests & Experiences**Statement of Interest/Why You Should Be Appointed**

As a senior citizen of the City of Alexandria I served in many different capacities when I lived in Del Ray. My four children attended the City's public schools and graduated from T.C. Williams. My daughter LaChina Robinson was one of the first inductees into the Alexandria City (ASPC) Hall of Fame in 2014 and again in 2018 in the Alexandria Sportsman's Club Hall of Fame. After my husband passed away, I withdrew from public service in person but not in spirit. I feel a tug at my heart to get involved again. It would be an honor to represent the matured adult community of the City of Alexandria as a member of the Commission on Aging. My life experiences can add value to the overall discussions and policy decisions when it comes to seniors in our community.

With this application I am seeking appointment to the City's Environmental Policy Commission. I believe that I can contribute an important perspective to the commission, because I have a serious personal interest in issues relating to environmental stewardship, and an understanding of the realities of both governance and businesses small and large. From my work in industrial technology, I also have experience in understanding how new technologies and policies will be adopted and will impact existing operations of large organizations. I am familiar with the commission's work, and have attended meetings in the past. Based on what I have observed in meetings, I believe that I would be able to work well with city staff and other members to further the commission's important duties. I hope you will agree and I hope to have the chance to serve the city through the Environmental Policy Commission. Thank you!

Statement of Interest/Why You Should Be Appointed

I have enjoyed immensely helping the community by serving on the GWBCC committee. I would like to continue to serve on the committee, more especially now because the impact COVID-19 has had to the community and the activities the committee would normally be able to conduct. Now that it seems that the nation is turning the corner on the COVID-19 crises, i think its as important as ever to have experienced committee members to continue to support the city. I also believe that with the passing of Joe Schumard (the previous chair of several years) i think its important that the committee remain fully staffed and functional due to the loss of such a great leader and the tremendous amount of intuitional knowledge.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

My interest in serving on the Alexandria Library Board stems from two facets of my background—first, as an enthusiastic life-long user of all types of libraries who truly appreciates their educational, cultural, and economic value to the communities they serve, and second, as a library and information science professional for over 40 years. Public libraries are exciting and stimulating places that offer great value for the tax dollars spent on them. Now that I am retired, it would be a great honor to continue to participate in the oversight of public library services for the diverse Alexandria community and to advocate for strengthening them. I believe we need to sustain the strong library system we have, even in the face of budget challenges at the local and state level, as well as help our libraries grow and respond to changing users' needs and incorporate the most appropriate developments in information technology. To prepare for serving on the Library Board, I took the Alexandria City Academy course in the fall of 2014. During 2015-2016, I assisted the Chair of the Library Board, Kathleen Schloeder, in meeting the goal of raising over \$50,000 for a City challenge grant during 2015-2016. I am also a member of the Friends of Barrett Library.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

I am currently the Chair of the Alexandria Library Board, and would like to continue serving the library and the City for another term. This will be my last term and I want to use it to mentor another board member who can step in as the new Chair. Having a more diverse Board membership was one of my goals and with the help of several Council members, we have begun to achieve that. Before Covid shut down in person activities, I was working closely with the Library Director and the Vice Mayor on our very first fundraising gala. Fundraising will be even more important in the 2021-2022 fiscal year as the City faces pandemic-related budget shortages. The challenges presented this past year of when and how to open and close the library buildings, how to continue virtual services, and how to staff curbside pickups has meant close communication with other Board members. I've served as the conduit for information between the library administration and the rest of the board. It has at times been a sensitive job as not everyone has seen the severity of the pandemic or the threats to the staff. I believe continuity of leadership and the trust of the library administration at this time is important as we are not back to anything approaching normal yet. I am grateful for the opportunity to serve on the Library Board and believe I still have much to offer the library and the community as we work to make our libraries centers for education, research and community events.

Good afternoon Ms. Sitton,

The Alexandria Chamber would like to recommend Amy Friedlander as the second Chamber Representative on the Budget & Fiscal Affairs Advisory Committee (BFAAC). Ms. Friedlander has excellent credentials in the public and private sector, architecture, planning, and real estate development. We feel that she would be an ideal representative for the Chamber on BFAAC.

Please let me know if you need any additional information from us on this.

Thanks very much,
Maria
