Interests & Experiences

Statement of Interest/Why You Should Be Appointed

Transportation fundamentally affects the quality of Alexandria: our economy, health, environment, property values and well-being. Over the last 7.5 years, I've been able to dive deep into these issues and their solutions in an effort to enhance parking, transit and transportation to, from and inside the City. While we have made some progress, continued growth within the City and region will only increase traffic and decrease parking. I want to continue working to find innovative, forward-looking solutions that work while respecting the character of our City and our neighbors' needs.

Over the past 7.5 years, I have gain a deep understanding of traffic, parking and transportation issue impacting the City of Alexandria. Interests & Experiences

Statement of Interest/Why You Should Be Appointed

I am excited for the chance to serve on the Alexandria Traffic and Parking Board to be a part of setting policy that affects me locally, including the places where I drive, bike, and walk in my daily life and on my commute. Given my work experience at a federal regulatory agency, I understand the importance of implementing policy in a fair and effective way that considers multiple stakeholders and points of view. I believe in decisionmaking that is informed by data and subject matter expertise. In my 8 years living in Alexandria, I have had the chance to get to know and love various parts of the city as both a pedestrian and driver. I walked, dined, and took the trolley in Old Town even before living in the city, and as a resident I frequent the streets and trails that make this city great, as a runner and bicyclist. I am a mother of young children and have experienced driving with them as well as biking on Alexandria's streets, taking the bus, and walking with them or with a stroller as part of my daily commute via Metro to downtown DC. As a result, I believe I would bring a multi-modal perspective to the Board. I believe in civic engagement and public service. I take the time to learn about issues and candidates before voting in local elections, and I participate in surveys that inform City decisions. I am grateful to live in a city with great offerings for its citizens, such as TE&S's Touch a Truck, GO Alex's information and support events, and the passion its residents bring to development and the future of the City. I support the City's Complete Streets and Mobility Plan and look forward to the chance to further its guiding transportation principles of improving safety and accessibility for all users, planning for sustainable growth, and leading the region in incorporating technology and planning for future trends.

Statement of Interest/Why You Should Be Appointed

I have been a member of the Traffic and Parking Board since 2016 and would like to remain a member of the board for another term. I have been an active member of the Board, participating fully and fairly in all the issues big and small that come before the Board. There have been some controversial issues that have come before the Board while I was on it, and I was impressed at how the whole board, evaluated information from the city, from residents and from outside experts and, while we came to different opinions on the correct way forward, we remained polite and respectful. I would like to continue to help serve the citizens of Alexandria while serving with my fellow Board members.
