## Interests & Experiences

Statement of Interest/Why You Should Be Appointed

---

During my graduate program tenure, I had the opportunity to mentor young aspiring female scientists, on their undergraduate and graduate research projects and theses. It was in my research setting that I witnessed the uphill battle women have in a male dominated field whether it be academia or industry. I myself experienced these challenges before and tried everything as a mentor to promote diversity and encourage the next generation of researchers to step outside their box and enter into unfamiliar spaces in which they may be the 'first'. Professionally, I continue to advocate for women in STEM fields and I would like to also promote and bring awareness to woman's rights, through local policy and legislation in the community which I live and love. Being a part of the Commission for Women I will have the opportunity to shape the local community and life experiences for women in the spaces of economic, academic, health, and safety. A woman's perspective strengthens the narrative and I charge it as a personal responsibility to be a part of a team that sets a local example to promote gender equality and the empowerment of young girls and women. I would like to advocate on platforms that will enhance the ability of young girls and women to achieve their highest potential. I aspire to educate and collaborate with the community on ways we can eliminate gender disparities and related barriers.

## Interests & Experiences

Statement of Interest/Why You Should Be Appointed

---

This year my best friend was the victim of a vicious attack at the hands of her husband. She was able to escape to my house and together we went to the police. I was given a front row seat to both the legal and divorce processes. I used to believe that if you were attacked, went straight to the authorities, told the truth, and followed their guidance; that you would be represented and protected by the law. I assumed the justice system was designed to support the victim in these instances. To put it mildly, I have been disillusioned by the justice system through my experiences this year. Watching my friend rebuild the pieces of her life has been extremely eye opening for me. She's going to be just fine; she's got a huge support system and she's a nurse so she'll be able to financially support herself as well... I am extremely happy for her; but I know there are many women out there going through the same traumas without the same support. I feel a weight on my heart to do more. I have been trained as an air traffic controller to stay calm in crisis, prioritize information, make executive decisions, and stay focused and organized regardless of what life throws my way. All of these skills came to play to support my friend that night when she needed me most, and I believe I could use them again to help someone else. I may be young, but I am also passionate and dedicated to empowering women. I am on a mission to learn as much as I can about victim advocacy, gender equality, woman's issues, etc. I am planning to dedicate my life to these efforts and I believe this board would greatly expand my knowledge and impact. I hope to be given the opportunity to contribute to the Commission Of Women's future successes!

## Interests & Experiences

Statement of Interest/Why You Should Be Appointed

While I am a newer resident to the Alexandria community, I am eager to get involved and start making a difference. A position on the Commission for Women is the perfect fit. I have spent my career working toward the advancement of health and wellbeing for women and girls, at both the local, state, and national level. I currently serve as policy manager with the American College of Obstetricians and Gynecologists where I work on national and state policy and regulations impacting access to women's health care. In addition to this work experience, I recently completed a Master of Science in Health Policy at George Mason University and have a Bachelor of Arts degree in Women's Studies from Allegheny College. I am eager to combine my professional experience and personal interest in developing and implementing policies and programs to help women in the Alexandria community thrive.

### Statement of Interest/Why You Should Be Appointed

---

I am dedicated, both personally and professionally, to advancing women's empowerment. Serving on the Alexandria Commission for Women would offer me the opportunity to support and advocate for women in my own community. My work experience includes supporting programs to increase women's access to capital and financial literacy education. I have also worked for a business that supported women survivors of violence and human trafficking. I understand the unique aspects of survivor care and the importance of establishing secure employment for survivors. I would bring a unique mix of policy and business experience to the commission. I am a creative entrepreneurial self-starter, ready to jump into ongoing projects such as Alexandria's International Women's Day celebrations, Take Our Daughters and Sons to Work Day, and the Art Party, as well as initiate new efforts if needed around women's history in Alexandria. I would bring an extensive network of women's empowerment advocates to the role including business executives and community leaders.

### Statement of Interest/Why You Should Be Appointed

I am the First Vice Regent of the John Alexander Chapter of the Daughters of the American Revolution (DAR). Last year, I coordinated with Ms. Maribel Ramos for her to present the work of The Commission for Women to my DAR Chapter. She was extremely difficult to work with and never presented or sent any materials about the Commission's work. I would like to be appointed to the Commission so that I can understand the Commission's work and become an ambassador for the Commission. I do not want anyone else to have the negative experience of the Commission that I had. Further, I am currently enrolled in Alexandria City Academy, which inspired me to apply. I am interested in working in local government when I retire from the military.

Statement of Interest/Why You Should Be Appointed

I'm interested in joining this commission to get more involved in my local community and bringing awareness and support to my fellow women in the city. One issue that I would bring up to the commission is bringing awareness about women's health issues. I have Polycystic Ovary Syndrome at 24 years old. If my doctors and school nurses in my community back in New York knew of it, I could've been diagnosed sooner and started my wellness journey earlier. Lastly, I want to give back to the community that welcomed this girl from New York with open arms.

## Interests & Experiences

Statement of Interest/Why You Should Be Appointed

For many years I have been interested in working on issues impacting women. I began working right out of college as a volunteer at an orphanage in Mexico. When I moved back to the East Coast and into the City of Alexandria, I immediately began working as a volunteer with the Domestic Violence Program as an interpreter and a shelter volunteer. I feel I could be a real asset to Board of the Commission on Women. Not only do I bring my years of experience, but I'm also bilingual in English/Spanish. I could assist with outreach in the Hispanic Community within the City.

### Statement of Interest/Why You Should Be Appointed

---

I've previously served as a Citizen Member and Chairman of the Alexandria Commission on HIV/AIDS. Through that service, I became am aware of the significant efforts of the Commission for Women to engage the Alexandria City Council and the larger Alexandria City Community providing education and guidance on matters of importance for women. I was appointed to the Commission for Women but moved to Stafford in October 2020 and am no longer eligible to serve unless a waiver is approved. I would sincerely appreciate the opportunity to continue working with the Commission For Women as a citizen member.

**SUMMARY OF WORK AND PRACTICAL EXPERIENCE (Please list titles and duties for the past five years):**

I currently work as a trial attorney for the DC office of a small regional firm (offices in DC, Maryland and VA). Please note this information is not included on the copy of the resume forwarded to you. The firm made me an offer less than 2 weeks after my first of several interviews and I've not had a reason to update it since January 2019. Our cases primarily concern representing members of various local unions including the Metro, Washington Teacher's Union, local AFL-CIO, and local Firefighter's Union. I am also a member of the legal panel for DC District Court Mediation. Often such matters include discrimination on the basis of gender with respect to employment opportunities.
