35 Sec. 9-12-142 - Dispute resolution procedures.

36 Each taxicab company may opt to have a written dispute resolution procedure as part of its
37 agreements with its drivers, so long as such a dispute resolution procedure incorporates, at a
38 minimum, binding arbitration pursuant to the Commercial Arbitration Rules, R-1 through R-56
39 of the American Arbitration Association. In the event that a taxicab company does not have an

1 agreement with any driver incorporating such a dispute resolution procedure and said taxicab
2 company is involved in a dispute with such a driver, then such dispute will be subject to the
3 provisions of this section, as follows:

4 Disputes subject to the provisions of this division shall be subject to the following
5 procedures:

6 (a) disputes shall first be the subject of an internal grievance procedure which shall be
7 conducted as follows:

8 (1) the aggrieved party shall submit a complaint in writing to the taxicab company within 30
9 days from the date of the company's action, containing a written statement of the matter in
10 dispute and the names, addresses and telephone numbers of each party to the dispute.

11 (2) within two weeks after the submission of the written complaint, the company shall appoint
12 a representative from within the company to hear the dispute. Such representative shall be
13 impartial, and shall have had no direct or indirect involvement in the dispute.

14 (3) within two weeks after said appointment, the representative shall conduct an informal
15 hearing concerning the dispute.

16 (4) both parties shall use best efforts to resolve the dispute.

17 (5) within two weeks after the hearing has been concluded, the company representative shall
18 render a written decision.

19 (b) If the dispute is not resolved through the internal grievance procedure, both parties may
20 agree to informal or formal mediation of the dispute, pursuant to subsection (c). If the parties
21 fail to agree to mediation, either party may elect to proceed to arbitration, pursuant to
22 subsection (d).

23 (c) Informal or formal mediation.

24 (1) within two weeks after the internal grievance procedure has been concluded, any party
25 requesting mediation shall submit a written notice requesting mediation to all parties.

26 (2) within two weeks after such notice has been submitted, the parties may agree to an
27 impartial person to mediate the dispute in an informal process. If the parties do not so agree,
28 the party requesting mediation shall submit a written Request for Mediation to the American
29 Arbitration Association (AAA). If the parties are unable to agree to mediation, either party
30 may elect to proceed to arbitration, pursuant to subsection (d).

31 (3) a request for mediation shall contain a brief statement of the dispute, and the names and
32 addresses and telephone numbers of each party to the dispute.

33 (4) the mediator shall notify all parties of the time, date and place of the mediation.

34 (5) the costs of the mediation shall be borne equally by the parties unless they agree otherwise
35 in writing.

36 (6) the mediation conducted by AAA shall be in substantial accord with the American
37 Arbitration Association Commercial Mediation Rules, M-1 through M-17. Copies of such
38 rules shall be available ~~at city hall~~ by the hack inspector.

39 (7) the mediator may end the mediation if, in the sole discretion of the mediator, the
40 continuation of the mediation would not be useful.

- (8) the parties in mediation shall use their best efforts to resolve the issues in controversy and the mediator may execute a written settlement agreement if agreed on by the parties but may not impose a settlement on the parties.
- (d) Where neither the internal grievance procedure, nor mediation if attempted, has resolved the issues in dispute, either party may submit the matter to arbitration, which shall be binding upon the parties. Such arbitration shall be conducted as follows:
- (1) within two weeks after the mediation process or the internal grievance procedure has been concluded, the party requesting arbitration shall submit a written notice of intent to arbitrate to all parties.
- (2) within two weeks after such notice has been submitted, an impartial person to arbitrate the dispute shall be agreed upon by the parties, or, if the parties do not so agree, the party requesting arbitration shall submit a written request for arbitration to the American Arbitration Association (AAA) and simultaneously mail a copy of the request for arbitration to every party to the dispute.
- (3) a request for arbitration shall contain a brief statement of the dispute, and the names and addresses and telephone numbers of each party to the dispute.
- (4) the arbitrator shall notify all parties and their representatives, if any, of the time, date and place of the arbitration.
- (5) the costs of the arbitration shall be borne by the party which does not prevail, unless the parties agree otherwise in writing, or the costs are otherwise apportioned by the arbitrator if there is no prevailing party.
- (6) the arbitration, whether conducted by AAA or another arbitrator chosen by the parties, shall be in substantial accord with the American Arbitration Association Commercial Arbitration Rules, R-1 through R-56. Such rules shall be made available to all parties ~~at~~ by the Alexandria Hack Office hack inspector.
- (7) the arbitrator may conclude the arbitration hearing if in the sole discretion of the arbitrator, continuation of the hearing would not be useful.
- (8) within two weeks after the arbitration hearing has been concluded, the arbitrator shall render an award in writing, which shall be binding upon the parties and which may be enforced by any court having jurisdiction over the parties.
- (e) For purposes of this section, "dispute" means a disagreement between a person who holds a division 3 permit and the company under whose ~~colors~~ certificate of public convenience and necessity he or she drives over whether an action taken by the company to terminate, suspend or impair such person's license or permission to drive under the company's ~~colors~~ certificate of public convenience or necessity, or to terminate, suspend or impair his or her right to enjoy the resources and benefits provided by the company, on the same basis as other similarly situated company drivers, was reasonable and based upon good cause.

Sec. 9-12-143 - Penalties.

A knowing failure to adhere to the dispute resolution procedures established by this division shall constitute a class four civil violation, pursuant to section 1-1-11 of this code, and may, in

1 addition, constitute grounds for suspension or revocation of a certificate of public convenience
2 and necessity issued under division 2, or driver's permit issued under division 3, of this article.

3 Sec. 9-12-144 - Regulations.

4 The city manager may promulgate such regulations as deemed advisable for the
