Statement of Interest/Why You Should Be Appointed

For the past 3 years I have had the opportunity to learn about the role of commissions in the city of Alexandria. I have helped the Commission for Women provide important information to the community about the services available within the city and engage with stakeholders to understand where more community support and engagement is needed, specifically helping the Commission for Women begin to transform its focus from an events based organization to a focus on policy advocacy. I would like to be reappointed to the Commission to continue this work which is particularly timely given the effects of Covid and other issues that disproportionately affect women in our community. For two out of the 3 years I have served I have taken on leadership and liaison roles demonstrating the depth of my commitment to the Commission and the city.

Interests & Experiences**Statement of Interest/Why You Should Be Appointed**

I'm interested in joining this commission to get more involved in my local community and bringing awareness and support to my fellow women in the city. One issue that I would bring up to the commission is bringing awareness about women's health issues. I have Polycystic Ovary Syndrome at 24 years old. If my doctors and school nurses in my community back in New York knew of it, I could've been diagnosed sooner and started my wellness journey earlier. Lastly, I want to give back to the community that welcomed this girl from New York with open arms.

Interests & Experiences**Statement of Interest/Why You Should Be Appointed**

With the departure of my youngest child to college and more flexibility at work, I finally have time to volunteer to help the City and its citizens. Women's issue concern me greatly as I see the erosion of women's rights and a misogynistic bent to some media coverage. I have previously applied and was told the position was filled by someone else but I see there are still openings so thought I'd reapply.
