Interests & Experiences**Statement of Interest/Why You Should Be Appointed**

I am a strong supporter of the VASAP's mission of reducing alcohol and drug-related fatalities and crashes and want to be a part of that effort in my own community; a community that has been my home for over a decade. My former work as a prosecutor and civil litigator have made me too intimately aware of the consequences these incidences have on a community, on the macro level, but also on the micro level of the family and individual. Education and knowledge are the best course of action to accomplishing this mission. My hope is that any support I can provide to ASAP will translate into results for Alexandria. Even one less fatality than otherwise would have occurred is a success.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

I live and work in the City of Alexandria; I frequent many of the City's schools, parks and recreation centers with my Children. The City of Alexandria has benefitted from recent development, and of course faces new challenges with future development. I am proud that the City of Alexandria recognizes the importance of beautification and managing storm water and has formed the Beautification Commission and the Ad Hoc Stormwater Utility Management and Flood Mitigation Advisory Group — I would be proud to be a part of these efforts. Ad Hoc Stormwater Utility and Flood Mitigation Advisory Group I currently serve on a committee established by my workplace to ensure that Diversity, Equity and Inclusion are part of our company culture. I would love to combine this experience with my passion for managing stormwater to minimize damage and maximize environmental and community benefits. As a commercial architect, I recognize the importance of stormwater management and have been a part of a wide range of stormwater mitigation solutions, ranging from green roof design, rainwater storage for on-site reuse, site bio-retention facilities, permeable surfacing, and other site retention strategies. Alexandria Beautification Commission The Beautification Commission has the opportunity to impact far more than what the name may imply.... from streetscapes, to landscapes, to roofscapes, to public art, to improved sustainability and beyond. There can be incredible value to ephemeral beauty that may only last a short time or season and to projects meant to inspire for generations. Opportunities for beautification are far-reaching; they lie in improved utility layouts, clean-up efforts, view preservation, elegant design, sustainable solutions and nature. I am an open-minded Architect, who would work to support the desire that beautification should be part of the decision-making process for projects in the City of Alexandria. There is value in beauty, and when achieving beautiful results is a common goal, I am convinced that every resident benefits.

Interests & Experiences**Statement of Interest/Why You Should Be Appointed**

It has been my privilege to serve on the Beautification Commission these last nine years, and I would be honored to serve one final term. Advising City Council, City staff, and the residents of Alexandria on matters of beautification has been a rewarding experience. The activities of the commission have evolved significantly since I first joined, and our focus now on activities with more tangible results has resulted in high-impact projects like the overhauled medians at the intersection of Braddock Rd/King St/Quaker Ln, the native plant demonstration gardens at Market Square, and the recently-completed Kettle Park. If given the opportunity to continue on as a member of the commission I will work to continue and expand these efforts.

How many terms have you served on this board?

If you have served more than two consecutive terms on this board, please state the specific qualifications you possess which merit consideration for continued service:

As the most senior member of the commission, I hope to use the next two years to mentor the many new members and prepare them to continue the commission's efforts to beautify the City of Alexandria. The Beautification Commission has seen a great deal of turnover this past year, due in part by the long break in meetings during the pandemic. The commission is just beginning to find its way forward in this new environment, and I believe I have a valuable role to play as the member with the most knowledge of the commission's earlier efforts. For example, I am the only member remaining who worked on the Kettle Park project; advising Del Ray residents and City staff on efforts to transform a former construction staging area at Simpson Park into an award-winning park of its own. The Beautification Commission hopes to continue these types of projects in the future and, if reappointed to the commission, I would be able to support these efforts and guide them through to completion.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

As a citizen of Alexandria, I have served on both the Old and Historic and Parker Gray Boards of Architectural Review helping to protect our historic fabric and while moving our city forward into the future thoughtfully. During my time on these, boards I have participated in the review of hundreds of projects; some of which were very challenging and required a lot of citizen and council input. These are the projects where I feel my 20 years of experience as a licensed design professional becomes valuable to members of the board---servicing not only an aesthetic and technical advisor but also as a member who has worked on historic projects. It is for these reasons that I believe I should be appointed to the Board of Architectural Review to continue my service to the city.

Interests & Experiences**Statement of Interest/Why You Should Be Appointed**

I believe that my educational background in history and professional experience in education would allow me to contribute meaningfully to the work of the Historic Alexandria Resources Commission. Our city is one of the most historically rich cities in the entire country, and the work of the Commission in educating tourists and citizens about this legacy is of vital cultural and economic importance. Knowing the history of a place is a wonderful thing, but explaining it to others needs someone who has been a teacher and university instructor and who can synthesize information and make it easy and pleasant to learn. I believe I fit this description, and If elected to the Commission, I would be an active member who would always strive to help the City tell the story of Alexandria in an historically accurate and compelling way, with a special emphasis in honoring our great diversity.

I served 2 terms on the Park and Recreation Commission 2002-2004. Member of the Historic Alexandria Resources Commission in 2004-2005 and received a Certificate of Recognition from Mayor Bill Euille. Alexandria City Representative to the Nation Capital United Way in the 1990's.

Interests & Experiences**Statement of Interest/Why You Should Be Appointed**

As a senior citizen of the City of Alexandria I served in many different capacities when I lived in Del Ray. My four children attended the City's public schools and graduated from T.C. Williams. My daughter LaChina Robinson was one of the first inductees into the Alexandria City (ASPC) Hall of Fame in 2014 and again in 2018 in the Alexandria Sportsman's Club Hall of Fame. After my husband passed away, I withdrew from public service in person but not in spirit. I feel a tug at my heart to get involved again. It would be an honor to represent the matured adult community of the City of Alexandria as a member of the Commission on Aging. My life experiences can add value to the overall discussions and policy decisions when it comes to seniors in our community.

I served on the Environmental Policy Commission for 9 years (Nov. 2010 – Sep. 2019)

Interests & Experiences**Statement of Interest/Why You Should Be Appointed**

As an active parent of three very active children, I have become very familiar with, and frequently use, many of the parks and recreation spaces within the City. I want to participate in advising Council and City staff so that these spaces, whether they are playgrounds, fields for sports, or open space/parkland are maintained and improved to fit their specific purposes and so that all City residents can enjoy them. It is important that residents living in all areas of the City have access to all different types of open space and recreation facilities, and I think it is the responsibility of the Commission to advise Council and staff accordingly. As a volunteer coach of my kids' soccer teams for the last three years, I have seen first hand many of the parks and playing fields in different sections of the City. Some are in better shape than others, and I would use this firsthand experience to discuss these issues with other Commission members and help come up with recommendations for staff and Council. I also understand and recognize the intrinsic value of open space, not only as a resource for people to use, but also for its role in ensuring a healthy and livable environment. This was an issue that the Environmental Policy Commission wrestled with while I served on that Commission, and we worked with the Park and Recreation Commission to discuss these and other shared interests in order to emphasize and amplify advice to Council and staff. As a member of the Park and Recreation Commission, I would encourage further collaboration with EPC and other Commissions within the City that have a vested interest in ensuring access to healthy, fun, and safe parks and recreation facilities for all City residents.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

Promote and inspire arts and creativity to public, engaging, learning, and speaking on the arts is a passion that I've had since I can remember and it continues to evolve. Through both visual and performing arts, I love participating, teaching, helping, being a part of the experience with students, new painters, children, art therapy-rehabilitation, and seniors; through all kinds of creative exploration. As a musical theater director, teaching children the art of performance, expression, imagination, character building as it pulls our inner core towards a future with self-esteem, and how their expressions assist young people in managing innovative goals. From being a Tour Guide at Universal Studios, to leading 300 employees assisting disaster victims, to directing and choreographing children's productions, and currently a docent at National Gallery of Art; I've had numerous opportunities to provide leadership while being passionate, creative, helpful, engaging in many artful aspects. Actively engaged in community service in Alexandria for 20 years, leadership, business owner in City of Alexandria, artist at Torpedo Factory Art Center, TFAC volunteer for public activities. Volunteering in the community has always been a way of life for myself and my family, through various community and educational programs. I created and taught Art Rehabilitation at Mount Vernon Hospital, taught Religious Education, prepared Sunday Suppers for Homeless, FCPS schools volunteer, PTSA, Alexandria Arts Commission, INOVA, Potomac Riverkeepers. Additionally, having been a board member of ArtSpire VA, a non-profit organization bringing arts to communities to those who may not have the opportunity to experience classes, live performances, and participating in performing and visual arts. Art needs to be accessible to everyone. I enjoy outreach, connecting people and artfully inspiring encouraging growth in arts for our community.
