Interests & Experiences**Statement of Interest/Why You Should Be Appointed**

I have a heart for public service and am seeking opportunities to serve now that I have separated from active duty in the Navy. I have extensive knowledge about the healthcare system, social determinants of health, and issues with access to care. I also completed a year of law school where I was exposed to inequities in the legal system that continue to affect our citizens. I'd like to apply my healthcare experience and newfound knowledge of inequities to the work that Alexandria committees are doing to reach our citizens.

Interests & Experiences**Statement of Interest/Why You Should Be Appointed**

My professional career was in the broad field of state/federal health policy research and advocacy. I am extremely familiar with the broad array of best practices and evidence based interventions across the nation related to community and public health as well as for all public sector programs designed to expand access to care for low-income, uninsured populations. My years of community service in the City of Alexandria has made me extremely familiar with the financing and organization of the City's health care safety net.

How many terms have you served on this board?

2 terms

If you have served more than two consecutive terms on this board, please state the specific qualifications you possess which merit consideration for continued service:

I may not have served more than two consecutive terms on this board but if the judgment is that I have my rationale for requesting continued service is that I was appointed chair earlier this year of a special workgroup on disparities and inequities in health care, and while a lot of effort has gone in to this study so far, many more months remain before the workgroup's report will be ready for consideration by the full Commission. I don't see anyone on the Commission taking up this task if I am not allowed to continue service on the Commission.

Interests & Experiences

Statement of Interest/Why You Should Be Appointed

I am an officer in the United States Air Force, with an undergraduate degree in Political Science. I am finishing my Masters of Public Health (Sept 2021) this year and would love to give back to the community in a field that I have a lot of knowledge in but do not work with day to day. The focus of my MPH was health equity and I am continuing that research in my thesis with the Health in All Policy national program. I also started the diversity and inclusion program for the last Air Force base I was at in Tacoma Washington, about 4,000 people. I would love to be a part of this board and help impact the community I will be living in for the next 4 years.
