Flourishing Arts, Culture and Recreation

In 2022, Alexandria has a network of accessible parks and public open spaces that define neighborhoods and provide connections to local and regional open space systems and trails. Arts, culture and recreation activities are available and accessible to residents of all ages and to those with disabilities.

Key Indicators to Achieve by 2022

City Strategic Plan FY 2017-2022 Process for Development

Process for Development

Issues to Consider: Next Strategic Plan

- ▶ Outreach and Engagement
- ▶ Implementation and Utility
- ▶ Plan Development and Structure

What are our goals for outreach and engagement?

*What should the Plan accomplish?
How will the Plan be used?*

*What are our goals for the Plan itself and
how can it best be structured to be
useful?*

Outreach and Engagement

- ▶ Partnering with range of community-based groups
- ▶ Providing a range of engagement types: community meetings, popup events, live virtual as well as online engagement that can be done anytime.
- ▶ Both input from individuals directly to staff as well as opportunities for conversations between Alexandrians
- ▶ Language access/translation, activities at each stage in Spanish
- ▶ Lessons from Arlandria-Chirilagua, Census 2020, other projects
- ▶ Tools for translating resident input into goals, strategies, etc. (such as Balanced Scorecard).

Plan Development and Structure

Identify and apply tools and a process for translating resident input into an effective Strategic Plan format.

One example that staff have been certified in is the Balanced Scorecard Strategic Planning Framework and Process which produces:

3 or 4 Strategic Themes
which provide strategic
direction and focus

Objectives for each
theme

Initiatives to achieve
each objective
