DISCUSSION: Near the end of each fiscal year, the final Supplemental Appropriation Ordinance is presented for City Council consideration in order to reflect additional grant revenues, donations, and other technical appropriation adjustments previously planned but not yet enacted. This year's ordinance includes several grant

Attachment 3 lists new grants and changes in grant funding levels compared to the amount estimated in the FY 2023 Approved Operating Budget. Where significant, staff has described how the funding change will impact services.

Staff recommends that the Fiscal Year (FY) 2023 Appropriation be amended to accomplish the following purposes:

- Section 1. Appropriation of Housing Trust Fund Revenues Received but not Appropriated in FY 2023. This appropriation includes program income, loan repayments, and Housing Trust Funds in the amount of \$66,698.
- Section 2. Appropriation of Housing Grant Revenues Authorized and Adjusted but not Appropriated in FY 2023. This appropriation includes external grant funds for affordable housing in the amount of \$728,458. This includes federal funds to issue home ownership and home rehabilitation loans. A listing of these grants is included (Attachment 3).
- Section 3. Appropriation of Grant Revenues Authorized and Adjusted but not Appropriated in FY 2023. The grants in this section were either included as estimates in the current year budget and are being adjusted to reflect the actual award, or they are newly awarded during FY 2023. New grant applications are approved by City Council. A listing of grants is included (Attachment 3) and totals \$1,387,941 in various external grants.
- Section 4. Appropriation of Donations and Other Special Revenues Received but not Appropriated in the FY 2023 Operating Budget. This appropriation of \$4,010 in donations and other special revenue in Department of Recreation, Parks, and Cultural Activities will bring budget authority in line with revenues received in FY 2023.
- Section 5. Appropriation of General Fund Balance. This appropriation of \$10,000,000 in Committed General Fund Balance provides funding for the Capital Improvement Program.
- Section 6. Transfer of Budget Authority Between Departments. This section shifts appropriated General Fund resources from non-departmental accounts to departments which have incurred unbudgeted expenses or expenditures which exceed the current appropriation or anticipated non-General Fund revenues.
- Section 7. Transfer of American Rescue Plan Act Funds. This section shifts appropriated American Rescue Plan Act resources between projects where final project costs exceeded preliminary estimates. Specifically, funds that were appropriated for facility cleaning (\$52,000) are being transferred to provide additional resources for the Digital Equity project.
- Section 8. Appropriation of General Fund Revenues. Several large capital projects are funded through capitalized interest, where the interest is funded through bond proceeds in the early years. Revenue is posted to the general fund to provide sufficient resources to pay the debt service. This appropriation of \$731,949 of bond proceeds provides funds for Potomac Yard and Landmark.
- Section 9. Appropriation of Potomac Yard Fund Balance. This appropriation of \$13,140,816 in Potomac Yard Fund Balance provides funding for the amended project funding agreement and interest
