Interpreting GIS Maps

2024 City of Alexandria Resident Survey

The GIS (Geographic Information System) maps on the following pages show the mean ratings for satisfaction and rating questions that were on the 2024 City of Alexandria Resident Survey. Boundaries are shown by City Areas.

When reading the maps, please use the following color scheme as a guide:

Positive Ratings

 Darker blue shades generally indicate high satisfaction with a service, high ratings, high levels of support, or high ratings of agreement. Ratings of, "very satisfied," "excellent," "very supportive," or "strongly agree."

 Lighter blue shades generally indicate satisfaction with a service, good ratings, support, or agreement. Ratings of, "satisfied," "good," "somewhat supportive," or "agree."

Neutral Ratings

 Off-white shades indicate neutral ratings. Generally indicating that residents thought the quality-of-service delivery is adequate.

Negative Ratings

 Orange shades generally indicate slight dissatisfaction with a service, below average ratings, not supportive, or disagreement. Ratings of "dissatisfied," "below average," "not supportive," or "disagree."

 Red shades generally indicate dissatisfaction with a service, poor ratings, not at all supportive, or disagreement. Ratings of "very dissatisfied," "poor," "not at all supportive," or "strongly disagree."
